Meeting	Oct 12, 2023 - Aviation Authority Regular Board Meeting and Board of Adjustment Public Hearing
Access	Public
Type	Action

### Background:

Port Tampa Bay (Petitioner) is seeking to replace two existing non-transmitting range light towers to continue safe navigation within the center of the channel and meet Coast Guard requirements due to vessel size and construction of Berth 218, with a maximum height of 261' AMSL and 168' AMSL, located at Hookers Point, Tampa, FL. The nearest airport is Peter O. Knight. The two towers will penetrate Peter O. Knight's Horizontal Surface and require variances because they exceed obstruction standards.

Notice of this hearing before the Board of Adjustment was provided on September 22, 2023.

### Proposal:

Petitioner is requesting variances to replace two existing non-transmitting range light towers for safe navigation within the center of the channel. The existing towers no longer meet Coast Guard requirements.

### Operational Impact:

The Petition was presented to the Airport Hearing Officer on August 10, 2023 and, based on testimony and evidence presented, the Hearing Officer found that approval of the variances, with required conditions, would have no adverse effect on existing FAA restrictions, would not cause additional impacts or loss of utility to Peter O. Knight Airport, would not be contrary to the public interest, would avoid unnecessary hardship to the Petitioner's property, and would be in accordance with the spirit of the Airport Zoning Regulations and Chapter 333, Florida Statutes.

The FAA's aeronautical study found that the Petitioner's request would not be a hazard to air navigation provided certain conditions are met. Additionally, FDOT was provided the opportunity to review the Petition for technical consistency with Florida Statutes and had no response.

### Funding:

N/A

### Recommendation:

The Airport Hearing Officer recommends that the Board of Adjustment approve the variances to Airport Zoning Regulations requested by Petitioner with the following conditions: (1) Red Obstruction lighting required in accordance with FAA Advisory Circular 70/7460-1M; (2) E-File FAA Form 7460-2 with the FAA if the project is abandoned or within five (5) days after construction reaches its greatest height; (3) Notify the Airport at least five (5) business days prior to starting construction at 813-870-7863 and provide Airport Study number; (4) The Petitioner will be required to follow all conditions specified in the FAA Determination of No Hazard to remain in

compliance; (5) Installation equipment (crane) exceeding 261' AMSL will require a separate permit from the Authority; and (6) Any glint or glare issues identified from the project must be mitigated by the Petitioner to the satisfaction of the Authority to avoid adverse impacts to aviation.

The variances will be valid until the FAA Determination of No Hazard to Air Navigation expires December 21, 2024, but if the FAA Determination of No Hazard is extended by the FAA for the no more than 18 months, the variances will also be extended one time, without further action of the Board of Adjustment, provided that no changes in the proposed structures have occurred.

The Board of Adjustment may render its decision based on the findings and recommendations of the Hearing Officer. However, the Board of Adjustment may, but is not required to, review the record of the Hearing Officer's public hearing.

Resolution:

**Resolution No. 2023-105 approves and authorizes variances for Airport Study No. 2023-80, Port Tampa Bay, requesting variances to replace two existing non-transmitting range light towers to continue safe navigation within the center of the channel and meet Coast Guard requirements due to vessel size and construction of Berth 218, with a maximum height of 261' AMSL and 168' AMSL, located at Hookers Point, Tampa, FL; and authorizes the Airport Zoning Director or designee to execute all other ancillary documents.**

### Background:

KT North Ashley, LLC (Petitioner) is seeking to construct One Tampa, a 42-story mixed-use development tower, with a maximum height of 512' AMSL, located at 507 N. Ashley Drive, Tampa, FL. The nearest airport is Peter O. Knight.

Notice of this hearing before the Board of Adjustment was provided on September 22, 2023.

### Proposal:

Petitioner is requesting a variance to construct a 42-story mixed-use development tower.

### Operational Impact:

The variance will be valid until the FAA Determination of No Hazard to Air Navigation expires August 10, 2024, but if the FAA Determination of No Hazard is extended by the FAA for no more than 18 months, the variance will also be extended one time, without further action of the Board Adjustment, provided that no changes in the proposed building have occurred.

### Background:

Porter Airlines (Canada) Limited (Porter) is an air carrier that will be operating at Tampa International Airport. Porter desires to lease Ticketing Level Office space in the Main Terminal in support of its operations at Tampa International Airport.

### Proposal:

This Space Rental Agreement (SRA) has an initial one (1) year Term, effective October 1, 2023 and terminating September 30, 2024, with two (2) separate one (1) year renewal options upon sixty (60) days written request prior to the expiration of the then existing Term and written approval by the Authority's CEO (Renewal Options). If all Renewal Options are exercised, this SRA will have a final termination date of September 30, 2026.

This SRA has standard terms including, but not limited to, environmental, insurance, and indemnity.

Utilizing Fiscal Year 2024 Signatory rates, Porter desires to lease 122 square feet of Ticketing Level Office space at \$233.34 per square foot. This SRA provides for an annual rental rate adjustment.

### Background:

The purpose of this Project is to remove and replace internal components for the two counterflow cooling towers at Airside E. The refurbishment includes, but is not limited to, fan assemblies and motors, gear boxes, fill and fill supports, drift eliminators, and spray nozzles. The Project scope also includes electrical upgrades to facilitate the replacement of internal components.

An Invitation to Bid was issued on July 19, 2023.

### Proposal:

On September 7, 2023, Bids were publicly opened and read aloud as follows:

<u>Company Name</u>	<u>Bid Amount</u>
J. Gray & Associates, Inc.	\$341,569
CT/HX Services, LLC	\$371,793
*W.W. Gay Mechanical Contractor of Gainesville, Inc.	\$688,032

\* W.W. Gay Mechanical Contractor of Gainesville, Inc. was deemed non-responsive for failing to provide the required Bid Bond or Cashier's Check.

The lowest responsive and responsible Bidder is J. Gray & Associates, Inc.

No W/MBE Goal was prescribed due to the nature of the Project.

### Funding:

This item is included in the Capital Budget.

### Recommendation:

Management recommends adoption of Resolution No. 2023-101.

### Resolution:

**Resolution No. 2023-101 approves and authorizes award and execution of Construction Contract for Airside E Cooling Tower Refurbishment, HCAA Project No. 7310 24, at Tampa International Airport with J. <b>Subject</b>	<b>3. Change Order No. 1, North Air Cargo Roof Rehabilitation, HCAA Project No. 6530 18, U.S. Coating Specialists, LLC, Tampa International Airport, Resolution No. 2023-109</b>
Meeting	Oct 12, 2023 - Aviation Authority Regular Board Meeting and Board of Adjustment Public Hearing
Access	Public
Type	Action (Consent)

---

### Background:

On March 2, 2023, the Board awarded U.S. Coating Specialists, LLC a Construction Contract for North Air Cargo Roof Rehabilitation in the amount of \$2,136,515.40. This Project includes removal and replacement of the North Air Cargo facility roof at Tampa International Airport.

### Proposal:

During construction, existing conditions were discovered by U.S. Coating Specialists, LLC that constitute a change in the work. These conditions were concealed and not known by the Authority until recently. The changes in work include the following:

#### Item #1:

Replace wood cap along the precast concrete parapet walls that were discovered to be not structurally sound. Change Order No. 1 includes removal of the existing wood cap, installation of new pressure treated lumber, and fastening to the concrete wall.

#### Item #2:

Existing plywood sheathing was not fastened to the parapet wall. Change Order No. 1 includes installing new metal angle connections around the perimeter of the roof and installing new fasteners to properly attach the existing plywood sheathing to the parapet wall.

#### Item #3:

The Contract Documents included a bid item to overlay metal decking that is pitted or rusted with new metal decking. U.S. Coating Specialists, LLC has removed approximately 10% of the roof and the amount of metal deck to be overlaid is anticipated to exceed the original Contract quantity. Change Order No. 1 increases the quantity of metal decking overlay.

As a result of these changes in the work, staff recommends execution of Change Order No. 1 to the Construction Contract in the amount of \$176,266.39, resulting in a new total Contract amount of \$2,312,781.79.

Additionally, staff recommends the Board authorize the Chief Executive Officer to execute additional Change Order(s) in an amount not-to-exceed \$200,000 for other unforeseen conditions.

### Funding:

This item is included in the Capital Budget.

### Recommendation:

Management recommends adoption of Resolution No. 2023-109.

Resolution:

**Resolution No. 2020-109 approves and authorizes execution of Change Order No. 1 to Construction Contract for North Air Cargo Roof Rehabilitation, HCAA Project No. 6530 18, at Tampa International Airport with U.S. Coating Specialists, LLC in the amount of \$176,266.39; authorizes the Chief Executive Officer to execute additional Change Order(s) in an amount not-to-exceed \$200,000 for other unforeseen conditions; and authorizes the Chief Executive Officer or designee to execute all other ancillary documents.**

Meeting	Oct 12, 2023 - Aviation Authority Regular Board Meeting and Board of Adjustment Public Hearing
Access	Public
Type	Action (Consent)

---

### Background:

The Authority has an ongoing need for hi-reach cleaning services at Tampa International Airport. Services include dusting and cleaning of soffits, ceiling ledges, hanging signs, HVAC vents, fans, and artwork in the Main Terminal, Airsides, Sky Connect Stations, Rental Car Center, and SkyCenter Atrium. The current contract for these services expires October 31, 2023.

An Invitation to Bid based on estimated quantities for hi-reach cleaning services was issued on July 17, 2023.

### Proposal:

On August 28, 2023, Bids were publicly opened and read aloud as follows:

<u>Company Name</u>	<u>First-Year Bid Amount</u>
A1 Orange Exterior Building Services LLC	\$143,577
Emerald Facility Management LLC	\$239,370

\*Bids received from Foxtrot Aviation Services, LLC, Legacy Pro Cleaning Solutions, M&G Investors, LLC dba M&G Janitorial Services, and Burk Custom Cleaning dba The Cleaning Guys & A Girl were deemed non-responsive for failing to meet requirements set forth in the Invitation to Bid.

The lowest responsive and responsible Bidder is A1 Orange Exterior Building Services LLC.

There was no W/MBE Goal prescribed for this Invitation to Bid.

This item authorizes the execution of a Maintenance Contract for Hi-Reach Cleaning Services (Contract) with A1 Orange Exterior Building Services LLC for the Term of November 1, 2023 through October 31, 2028. The cost for the first year of this Contract is estimated to be \$143,577. The rates will increase no more than 5% per year through the Term of this Contract. Additionally, the Contract includes an Extra Work provision to allow for additions, deletions or revisions in the work being performed by A1 Orange Exterior Building Services LLC. This item authorizes the Chief Executive Officer or designee to approve up to \$25,000 of Extra Work over the Term of the Contract. Based on a 5% increase per year of the Contract and Extra Work up to \$25,000, the total maximum purchase authorization amount for the Term of the Contract is \$818,354. The Authority may terminate the Contract by giving thirty days written notice.

<b>Subject</b>	<b>1. Report of Audit Committee Meeting held on September 7, 2023 in Aviation Authority Boardroom at SkyCenter One</b>
Meeting	Oct 12, 2023 - Aviation Authority Regular Board Meeting and Board of Adjustment Public Hearing
Access	Public
Type	Reports

---

The Audit Committee met on September 7, 2023, in the Aviation Authority Boardroom with all members in attendance. The minutes of the March 2, 2023, Audit Committee Meeting were approved. The Audit Committee heard presentations from the Director of Internal Audit regarding the status of the Fiscal Year 2023 audit plan, the results of the independent external assessment, and internal audit recommendations not yet implemented. The Internal Audit Department received the rating of Generally Conforms from the Independent External Validation Quality Assurance Review (QAR). Generally Conforms is the highest rating available. There was one suggested enhancement proposed by the external assessors. The Audit Committee discussed the suggested enhancement and voted to revise Authority Policy P460 to implement the enhancement. The revision will be presented to the full Board for approval. The Director of Internal Audit then presented the proposed fiscal year 2024 audit plan which was approved unanimously by the Audit Committee.

A reminder was provided by the Assistant General Counsel regarding the Board Member annual ethics training requirement.

The Authority's external auditors, RSM US, presented the results of the Fiscal Year 2023 external financial audit. RSM US issued unmodified opinions on the financial statements and compliance reports.

## **K. POLICIES OR RULES FOR CONSIDERATION OR ACTION**

---

<b>Subject</b>	<b>1. Update to Policy Manual, Revisions to Policy for Approval: Section 400, Policy P460, Internal Audits</b>
Meeting	Oct 12, 2023 - Aviation Authority Regular Board Meeting and Board of Adjustment Public Hearing
Access	Public
Type	Action

---

### Background:

Policy P460, Internal Audits, establishes a policy regarding the Authority's internal audit function. The Authority's Internal Audit Department underwent its first Independent External Validation Quality Assurance Review (QAR) under the Institute of Internal Auditors (IIA) Standards in June 2023. It is the opinion of the independent validators that the Authority's Internal Audit Department "Generally Conforms" to the IIA Standards, which is the highest rating available.

### Proposal:

The results of the QAR contained a suggestion by the independent validators to add language to Policy P460, Internal Audits, to enhance the independence of the Director of Internal Audit. In furtherance of that suggestion, staff proposes revising Policy P460, Internal Audits, to state that the Director of Internal Audit shall be hired by the CEO subject to approval by at least a majority of the Audit Committee. Further, if the Director of Internal Audit is terminated by the CEO, the Audit Committee shall receive written notice of such no later than two (2) business days after the decision to terminate.

The proposed revisions were discussed and approved by the Audit Committee at the September 7, 2023 Audit Committee meeting.

### Funding:

N/A

### Recommendation:

The Chief Executive Officer and Audit Committee recommend approval of the proposed revisions to Policy P460, Internal Audits.

**The Board may act on this by motion; no resolution is required.**
