Dear Community Noise Forum Participant,

Beginning Monday, June 10<sup>th</sup> through Wednesday, June 19<sup>th</sup>, the Airport's west runway, Runway 11L/19R, will be closed continuously for multiple runway maintenance related efforts. **During this closure, arriving and departing aircraft will use the Airport's east runway, Runway 1R/19L, and/or Runway 10-28, which is the Airport's east-west runway.**

During this closure, we will accomplish runway rubber removal and associated runway painting efforts, which typically take place in the June timeframe each year.

The work referenced above will be completed as quickly as possible over the current dates outlined above. As always, weather conditions and other factors will contribute to how quickly this work can be completed.

Sincerely,

A handwritten signature in blue ink, appearing to read "Adam Bouchard".

Adam Bouchard  
Director of Operations
