The Hillsborough County Aviation Authority is an autonomous unit of County government, created by the 1945 Florida Legislature and charged with the operation of all publicly-owned aviation facilities within Hillsborough County, Florida.

A series of special acts of the Legislature have broadened the scope of the Aviation Authority, giving it the full prerogatives of a public corporation. The key feature in the structure of the Aviation Authority is the requirement that all moneys of the Aviation Authority be kept separate from all other governmental units, and these moneys cannot be spent for anything other than aviation purposes. The Aviation Authority is empowered to promulgate and enforce all rules and regulations required for the proper operation of its facilities.

The Aviation Authority is comprised of a five-member Board, three members of which are appointed to four-year terms by the Governor of Florida on a staggered basis. The other two members are ex-officio: the Mayor of the City of Tampa and a member of the Hillsborough County Board of Commissioners.

Gubernatorial appointments occur at two-year intervals and at these times the Board reorganizes itself, electing officers for the ensuing two years.

The Chief Executive Officer of the Aviation Authority is Joseph W. Lopano.

Fiscal Year 2025 Budget
Entering Into A New Era

Fiscal Year 2025 will usher in a new era for the Aviation Authority, both through a major CEO transition as well as with the organization entering a period of large capital development amid a changing funding landscape. After 13 years at the helm, Chief Executive Officer Joe Lopano announced that he will be retiring from the Authority by the end of his contract on April 4th, 2025. Since he joined the Authority in January of 2011, Lopano has been a visionary leader who led his team through the evolution of Tampa International Airport and the Authority into one of the highest-ranked and well-respected organizations in the industry.

In addition to a change in leadership, FY2025 also ushers the Authority into a future with continued growth alongside a capital development plan that is projected to cost more than \$3.8 billion over the next 10 years. Tightening third-party funding alternatives and a lack of Passenger Facility Charge (PFC) capacity will require that the Authority rely more on municipal bond debt and its own reserves to fund a larger percentage of the capital cost than ever before.

The Authority enters this new era from a position of strength, boasting some of the highest credit ratings in the airport industry and unrestricted reserve levels which are projected to total greater than \$350 million at the end of Fiscal Year 2024. Moving forward, the Authority will begin utilizing some of those reserves to offset some of the \$2.6 billion in new municipal bond debt, which is projected to be issued through 2030. Bond sales in 2024 and 2026 will fund the construction of the new 16-gate Airside D, which is currently projected to open sometime in 2028; as well as other large capital projects such as redevelopment of the ticketing level and baggage systems; and the reconstruction of the 1R/19L Runway scheduled for 2027.

The FY2025 Capital Budget encompasses 21 repair and replacement projects with an estimated cost of \$79.1 million. The two largest capital projects planned for FY2025 are the Airside E Roof Replacement and the GA Apron Rehabilitation. More than 80% of the FY2025 Capital Program will be funded through municipal bonds or Authority funds from operations, with the Authority contributing more than \$38 million of Authority funds for the proposed projects.

Despite continuing increases in both capital requirements and debt service, the Authority's strong annual financial performance is expected to continue through the end of the 2020s with the Authority able to manage the higher debt service levels. The Authority projects it will finish FY2024 with revenues \$13 million, or 3.4% higher than Budget; operating expenses approximately \$2.3 million, or 1.2%, below Budget; and a pre-capital bottom line of about \$14.9 million, or 10.2% better than Budget. The Authority expects to generate a record pre-capital bottom line of approximately \$161 million during FY2024.

Passenger traffic continues to increase at Tampa International Airport as the Tampa Bay region continues to be one of the fastest-growing MSAs in the country. During FY2025, Tampa International Airport is projected to handle 26 million guests, a 3.4% growth versus FY2024 levels, with significant growth expected in both the domestic and international markets.

Operating revenues are projected to total \$470.7 million during FY2025, approximately \$48 million higher than FY2024 levels. A majority of the revenue increase during FY2025 is projected from increased airline revenues as well as the Authority's parking business. Airline revenues will increase as both landing fee rates and airline-funded debt service levels increase. The FY2025 Budget also includes approximately \$38.7 million in investment interest income as the Authority continues to take advantage of the current interest rate environment.

Given the projected increases in debt service and a greater reliance on Authority bond and reserve funding for its present and future capital program, the Authority continues to focus on controlling its ongoing operating expenses. The Authority anticipates operating expenses totaling \$213.4 million during FY2025, a \$16.9 million or 8.6% increase compared to FY2024 projections. This compares favorably versus other peer airports that are currently projecting year over year increases greater than 10% for FY2025. Approximately \$7.1 million of the FY2025 total will be funded by Customer Facility Charges (CFC) revenues. After CFC offsets and allocations, net operating expenses are projected to total \$205.8 million for FY2025.

Debt service from current operations is projected to total \$98.3 million in FY2025, a \$36.3 million increase versus the FY2024 full-year projection. The significant increase is due to the Authority refunding of approximately \$90 million of existing 2015A series debt, shortening the maturities on that debt from 19 years down to three years. The Authority will fully pay down the entirety of the \$90 million principal in fiscal years 2025, 2026 and 2027. Annual debt service levels on existing debt are currently programmed to continue to increase consistently to approximately \$207 million a year by the end of this decade. The next new money debt issue is currently scheduled for the 1st quarter of 2026 when the Authority plans on issuing approximately \$1.3 billion in senior-lien revenue-backed debt and \$109 million in subordinate-lien PFC-backed debt to fund the remainder of the construction of Airside D as well as the planned runway redevelopment projects among others.

During FY2025, the Authority is projecting another strong pre-capital bottom line with the strong revenue growth projected to offset the higher O&M and debt service levels. For FY2025, the Authority is projecting to generate almost \$157 million from pre-capital operations with almost \$116 million of that amount falling into the Authority's unrestricted reserves. Unrestricted cash reserves should total approximately \$353 million at the end of FY2024, increasing to more than \$456 million at the end of FY2025.

The Authority projects an airline Cost Per Enplanement (CPE) of \$12.11 for FY2025, which is approximately 17.3% higher than the projected FY2024 levels of \$10.28. This increase is in line with guidance the Authority has provided since 2020, when CPE was projected to be \$12.16 for FY2025. CPE is projected to increase through the remainder of the decade, primarily driven by the increased Authority debt service payments allocated to the airlines. Despite the projected increases, the Authority is expected to remain as one of the most cost-competitive and financially strong airports in North America moving forward.

Budget Approval

The FY2025 Budget is presented at a level of detail that is relevant for the various stakeholders of the Airport. The Authority Board adoption of the FY2025 Budget effectively approves the Budget in four major categories: Operating Expenses, Capital Development Programs, Debt Service and Airline Rates and Charges. The Capital Development Program includes capital projects and equipment for FY2025 as well as ongoing capital approved in prior years. A Budget amendment would be required if total expenditures under any of the major categories listed exceeds or are expected to exceed the Board-approved budgeted total. Additional information regarding these major categories is included in the Operating Expenses, Capital Development Programs, Debt Service and Airline Revenues, Rates and Charges sections within this Budget Message.

Passenger Activity

Tampa International Airport’s passenger levels for FY2024 are projected to be 12,643,454 enplanements, which represent a 1,082,662, or 9.4% increase in enplanements versus FY2023.

For FY2025, the Aviation Authority projects passenger enplanements to total 12,956,275, an increase of 312,821 enplanements, or 2.5% versus FY2024, and 93.9% higher than FY2020.

The growth in enplanements is driven by airline response to the Tampa Bay region’s nation-leading economic growth. Airlines continue to add both new and incremental service in domestic and international markets.

A summary of passenger enplanements since FY2020 is shown below:

Fiscal Year	Enplanements	% Change

Operating Revenues

As a user fee airport, the Authority’s operating revenues, detailed in Schedule 2, are strictly generated from all users of the Airport, and are divided into airline revenues, which include airline fees and charges; non-airline revenues such as food and beverage concessions, general merchandise concessions, car rental concessions, parking, space rentals, general aviation, cargo, commercial area rentals, other rentals, and other revenues. Operating revenues also include interest income earnings and reimbursements from the Transportation Security Administration.

The Authority’s net airline revenues are projected to generate 33.3% of total operating revenues during FY2025. This represents an increase of 1.9% percentage points from the FY2024 Budget due to the growth of non-aeronautical revenues. More details regarding airline revenues are provided under the “Airline Revenues, Rates & Charges” section of this budget message.

Under the Authority’s Trust Agreement, operating revenues may be used for operating and maintenance expenses, debt service and required reserves. Funds remaining after these uses are for airport purposes and are typically applied to the Authority’s capital development program or deposited into Authority reserves.

The Authority is projecting to generate total operating revenues of \$470.7 million during FY2025, an increase of \$62.0 million or 15.2% versus the FY2024 Budget. The Authority will also generate an additional \$43.4 million in non-operating revenues through the collection of CFC and Transportation Facility Charges (TFCs). These funds will be utilized for CFC-related debt service and certain operating expenses. The Authority will also receive an estimated \$50.1 million through the collection of PFCs under the PFC program in FY2025. These funds are used for PFC-related debt service and capital projects.

A summary of operating revenues since FY2020 is shown below:

Fiscal Year	Operating Revenues*	\$ Increase (Decrease)	% Change
2020 Actual	\$196,116,278	(\$75,586,071)	12.9%

2022 Actual	\$326,242,147	\$92,017,927	39.3%
2023 Actual	\$379,177,097	\$52,934,960	16.2%
2024 Budget	\$408,632,267	\$29,455,170	7.8%
2024 Projected	\$422,350,356	\$13,718,089	3.4%
2025 Budget	\$470,679,988	\$48,329,632	11.4%
2025 Budget vs. 2020		\$274,563,710	140.0%

*Operating Revenues represent gross revenue prior to airline settlement.

FY2024 Projected Operating Revenues – FY2024 operating revenues are projected to total approximately \$422.4 million, finishing the year \$43.2 million or 11.4% more than FY2023 and approximately \$13.7 million or 3.4% higher than the FY2024 Budget. During FY2024, the Authority saw strong performance across several passenger-driven lines of business, due to the 9.4% increase in enplanements. With a continued increase in originating traffic, parking revenue has reached record levels, overperforming the budget by more than \$5.0 million or nearly 4.8%. Additionally, the Authority’s interest income is projected to be more than \$7.9 million, or 26.3% million over budget for FY2024.

FY2025 Budgeted Operating Revenues – With a projected 2.5% increase in enplanements, passenger-driven revenue categories including Concessions, Rental Cars, & Ground Transportation are projected to increase in FY2025. Parking revenue will increase by nearly \$14.0 million or 13.8% due to the increase parking demand along with a planned parking rate increase in the fall of 2024. Airline revenue will increase by approximately \$26.6 million or 19.1% because of a combination of the increase in operating expenses along with the impact of the refunding of the 2015A Series bonds and the debt service related to the 2022 bonds. The Authority continues to closely manage the investment portfolio and is projecting interest income to increase to \$38.7 million in FY2025. Overall, the FY2025 revenue total of \$470.7 million represents a \$274.6 million or a 140.0% increase versus FY2020.

Operating Expenses

Approval of the Budget by the Board provides staff with the ability to effectively manage operating expenses on a day-to-day basis while ensuring that expenses do not exceed the total budgeted amount. Operating expenses, detailed in Schedule 3, include salaries and benefits, contracted services, contractual maintenance, supplies and materials, utilities, insurance, and other expenses. Salaries, benefits, and other expenditures directly associated with capital construction are capitalized when projects are substantially complete and in service.

A summary of operating expenses since FY2020 is shown below:

Fiscal Year	Operating Expenses	\$ Increase (Decrease)	% Change
2020 Actual	\$140,124,890	(\$4,363,694)	10.0%
2021 Actual	\$137,495,483	(\$2,629,407)	-1.9%
2022 Actual	\$164,894,394	\$27,398,911	19.9%
2023 Actual	\$178,575,637	\$13,681,243	8.3%

2024 Projected*	\$196,556,389	(\$2,304,832)	-1.2%
2025 Budget**	\$213,445,034	\$16,888,645	8.6%
2025 Budget vs. 2020		\$73,320,1144	52.3%

*\$7.1 million funded from CFC revenues will offset a portion of APM and Rental Car Center expenses in FY2024

**\$7.7 million funded from CFC revenues will offset a portion of APM and Rental Car Center expenses in FY2025

FY2024 Projected Operating Expenses – FY2024 operating expenses are projected to total \$196.6 million, finishing the year \$18.0 million or 10.1% higher than FY2023, and \$2.3 Million or 1.2% lower than the FY2024 Budget due to favorable insurance renewals and lower-than-anticipated utility rates.

FY2025 Budgeted Operating Expenses – Overall operating expenses are expected to total \$213.4 million for FY2025, an increase of \$14.6 million or 7.3% compared to the FY2024 Budget. The Authority will offset \$7.7 million of the gross operating expenses by using CFCs for SkyConnect and certain Rental Car Center expenses, resulting in net operating expenses of \$205.8 million for FY2025. As passenger traffic is projected to be at a record level in FY2025, the Authority will continue to fill open positions that support the daily operation of the airport. In addition, due to the current inflationary environment, the Authority has seen cost increases across most main expense categories.

Capital Development Program

The Authority's capital development program, detailed on Schedule 6, is funded through a variety of sources, including Federal Airport Improvement Program grants, Florida Department of Transportation grants, Bond or Bank Note Proceeds, PFC, CFC, SkyCenter Capital Reserves, and Authority funds. Authority funds available for Capital Improvements & Reserves are the amounts remaining after the payment of operating expenses and debt service. Capital funding source mixes are estimated for budgeting purposes and may change as projects evolve.

The Capital Program Budget for FY2025 totals \$79.1 million, with \$38.5 million of that amount coming from Authority funds from Operations. With its record passenger traffic, the Authority will continue its efforts to maximize its bottom-line performance, focusing on strengthening its financial results from annual operations and supporting its long-term financial health. During FY2025, the Authority is projected to decrease its funds available for Capital Improvements & Reserves by \$4.0 million or -2.5% vs. FY2024. After funding of the FY2025 capital program and capital equipment, the Authority expects to contribute \$115.8 million to reserves.

Airline Revenues, Rates, Fees & Charges

A component of Authority revenues includes funds received from airlines operating at the Airport. Rates and fees to the airlines are established in accordance with the methodologies in the Airline Rates, Fees, and Charges Resolution, which commenced in FY2021.

The table below shows airline fees and charges, revenue sharing, air service incentive fee waivers and net charges to the carriers since FY2020:

HILLSBOROUGH COUNTY AVIATION AUTHORITY

TAMPA INTERNATIONAL AIRPORT AIRLINE RATES, FEES AND CHARGES RESOLUTION

It is hereby RESOLVED by the Members of the Board of the Hillsborough County Aviation Authority, Tampa, Florida, with capitalized terms having the meaning set forth in Article 5 of this Resolution, as follows:

ARTICLE 1

CITATION

This Resolution may be cited as the "Tampa International Airport Airline Rates, Fees and Charges Resolution" or "Resolution".

ARTICLE 2

FINDINGS

The Hillsborough County Aviation Authority hereby finds and determines as follows:

- 2.1 The Authority was created by Chapter 2012-234, Laws of Florida and exists as an independent special district according thereto.
- 2.2 The Act provides that the Legislature finds and declares that the proper operation of the publicly owned or operated airports in Hillsborough County is essential to the welfare of the people of the Tampa Bay area, the State of Florida and its people, and such operation is a governmental function.
- 2.3 Among the powers granted to the Authority under the Act are the power to exclusively control, supervise, and manage all airports in Hillsborough County except any airport owned, controlled, or operated by a private person; adopt an annual budget; assess against and collect from the owner or operator of each airplane using any Authority facility a landing fee or service charge sufficient to cover the cost of the service furnished to airplanes using any such facility, which cost may include the liquidation of bonds or other indebtedness for construction and improvement; to fix, alter, charge, establish, and collect rates, fees, rentals, and other charges, for the services of Authority facilities at reasonable and uniform rates; and to transact the business of the Authority and exercise all powers

necessarily incidental to the exercise of the general and special powers granted in the Act and under any other law.

- 2.4 The Authority has the ownership, custody, control, and management of Tampa International Airport, located in Hillsborough County, State of Florida.
- 2.5 The Authority is obligated under Federal law to maintain an airport user fee and rental structure that, given the conditions at the Airport, makes the Airport as financially self-sustaining as possible.
- 2.6 The Authority is further obligated under Federal law to establish an airport user fee structure that is fair and reasonable to all aeronautical users and that is not unjustly discriminatory.
- 2.7 The Authority and various Air Carriers operating an Air Transportation Business at the Airport entered into an Airline-Airport Use and Lease Agreement (the “**Existing Agreement**”) and the Existing Agreement expires on September 30, 2020.
- 2.8 The Authority and the Air Carriers that are parties to the Existing Agreement have been engaged in extended, detailed and good faith negotiations with respect to the terms and conditions of a new agreement, including without limitation the methodology for the calculation of rates, fees, rentals, and other charges for use by such Air Carriers of the facilities and services at the Airport.
- 2.9 Extensive documentation and other information has been shared with such Air Carriers regarding the need to modify the rate-setting methodology that has existed under the Existing Agreement with respect to what has generally been referred to as a “cost-recovery” methodology as it pertains to Airline Supported Areas.
- 2.10 Due, in part, to the COVID-19 pandemic and its impact on travel, the Authority and the Air Carriers operating at the Airport have not been able to complete negotiation of a new agreement to replace the Existing Agreement.

ARTICLE 3

PURPOSE AND SCOPE

- 3.1 The Authority finds and determines that it is in the public interest to establish a schedule of airline rates, fees, and charges pursuant to this Resolution.
- 3.2 This Resolution shall be applicable to all Air Carriers utilizing the Airport.

ARTICLE 6

USES, RIGHTS AND PRIVILEGES

6.1 Use of the Airport.

Subject to and consistent with the terms of this Resolution, including but not limited to the restrictions contained in Section 6.3, the requirements set forth in Section 7.1, and the Rules and Regulations, Air Carriers may conduct their Air Transportation Business at the Airport and by conducting its Air Transportation Business at the Airport, each Air Carrier operating at the Airport agrees to comply with all terms, conditions, and requirements of this Resolution. As provided in this Resolution, Air Carriers may use, in common with others so authorized, the Per Use Gates and Related Terminal Area, Joint Use Premises and Public Space of the Airport (including the Airfield); and perform all operations and functions as are connected, incidental or necessary to an Air Carrier’s Air Transportation Business at the Airport, including, but not limited to, the following rights:

- A. To land, take off, fly over, taxi, tow, park, repair, maintain, service, test, store, load, and unload an Air Carrier’s aircraft and other equipment used in the operation of

such Air Carrier's Air Transportation Business, including, but not limited to, the right to load and unload an Air Carrier's aircraft through the Loading Bridges, in accordance with Authority direction, or as otherwise approved by the Authority; provided, however, that major maintenance of aircraft and routine servicing or maintenance of ground equipment on the Terminal Aircraft Apron is not permitted, unless specifically authorized by the Authority, and Air Carriers shall not use the Terminal Aircraft Apron to load or unload all-cargo aircraft unless otherwise authorized in writing by the Authority.

- B. To sell air transportation tickets and services; process passengers and their baggage for air travel; and to sell, handle, and provide mail, freight, cargo, and express services, and reasonable and customary airline activities.
- C. Of ingress to and egress from the Airport including, without limitation, a Signatory Airline's Airline Premises, and such right shall extend to each Air Carrier's Airline Parties and its customers and invitees, and its or their equipment, vehicles, machinery and other property, subject to 49 CFR Part 1542, the Authority's Airport Security Plan, and Applicable Laws relating to: (i) the general public, including passengers; (ii) access to non-public areas at the Airport by Airline Parties; and/or (iii) safety and security.
- D. To train an Air Carrier's employees or prospective employees, and to test its aircraft and other equipment being utilized at the Airport in areas designated or approved by the Authority; provided, however, such training and testing must be incidental to the use of the Airport in the operation by an Air Carrier of its Air Transportation Business and shall not unreasonably hamper or interfere with the use of the Airport and its facilities by others. The Authority may restrict or prohibit any such training and testing operations that it deems to interfere with the use of the Airport.
- E. To sell, lease, transfer, dispose of, or exchange an Air Carrier's aircraft, engines, accessories, parts, gasoline, oil, grease, lubricants, fuel, propellants, and all other materials, equipment, supplies, and articles or goods used by, acquired in connection with, or incidental to an Air Carrier's Air Transportation Business at the Airport; provided, however, that an Air Carrier may not, and shall cause its agents not to, sell or permit to be sold, aviation fuels or propellants except (i) to any Air Carrier that is a successor company to such Air Carrier; (ii) for use in aircraft of others that are being used solely in the operation of such Air Carrier's Air

Transportation Business, including, but not limited to, such Air Carrier's Affiliates; (iii) when a comparable grade and type of fuel desired by others is not available at the Airport except from such Air Carrier; or (iv) in accordance with sales of fuel through the Airport's fuel hydrant system, to the extent the Authority has authorized by an agreement one or more Air Carriers or an entity owned or controlled by one or more Air Carriers to operate the fuel flowage, storage, and distribution system at the Airport.

- F. To purchase or otherwise obtain services and personal property of any nature, including, but not limited to, aircraft, engines, accessories, parts, gasoline, oil, grease, lubricants, fuel, propellants, food, beverages, including food and beverages for consumption aloft, passenger supplies, and all other materials, equipment, supplies, and articles or goods used by, acquired in connection with, or incidental to, an Air Carrier's Air Transportation Business at the Airport, from any person it may choose, wherever such person may be located, subject to the Rules and Regulations; and subject to the Authority's right to require that each provider of services and/or supplies secures a permit from the Authority to conduct such activity at the Airport, pays required fees, and abides by the Rules and Regulations.
- G. Subject to the prior approval of the CEO and the Federal Communications Commission and subject to the Authority's Tenant Work Permit Program, to install, maintain, and operate, alone or in conjunction with any other Air Carrier, or through a nominee, such radio (including radio frequency identification ("**RFID**") devices and beacons), communications, flight information display systems, meteorological and aerial navigation equipment, and associated wiring, as may be necessary or convenient for an Air Carrier's Air Transportation Business at the Airport, in or on a Signatory Airline's Airline Premises, and at other locations at the Airport; provided, however, that each Air Carrier shall provide to the Authority, if requested, electronic flight arrival and departure information through such Air Carrier's systems and shall cooperate with the Authority's installation of centralized and remote flight information displays; and provided, further, that if the spectrum frequencies of such devices interfere with those of the Authority, other Air Carriers or other parties operating at the Airport, the CEO shall have the sole right to allocate the use of such frequencies in his or her sole discretion; and provided, further, that (i) such installations and the subsequent use of such equipment shall be subject to Applicable Laws; and (ii) the location of all such equipment and facilities shall be determined by the Authority in its exclusive but reasonable

discretion taking into account the operations of all Air Carriers at the Airport. Should an Air Carrier install any type of radio transceiver or other wireless communications equipment, such Air Carrier will provide frequency protection within the aviation air/ground VHF frequency band and the UHF frequency band in accordance with restrictions promulgated by the FAA for the vicinity of FAA Transmitter or Receiver facilities. Frequency protection will also be provided for all other frequency bands operating in the vicinity of such Air Carrier's equipment. Should interference occur because of an Air Carrier's installation, the Authority reserves the right to shut down such Air Carrier's installation until appropriate remedies to the interference are made by such Air Carrier. Such remedies may include, but are not limited to, relocation to another site. The cost of all such efforts to remedy the interference will be solely at such Air Carrier's expense. Subject to the Rules and Regulations, a Signatory Airline may install in the holdroom of its Preferential Use Premises, with the Authority's prior written consent, such Signatory Airline's GIDS. The Authority shall have unrestricted access to all communication equipment owned or used by an Air Carrier, if any, whether located on its Airline Premises or elsewhere at the Airport if the Authority equipment or systems interface with such equipment. Prior to any such installation, an Air Carrier shall provide the Authority with all necessary supporting documentation related to such installation. All Air Carriers are required to use the Authority's MUFIDS.

- H. To use water, sewer, electric power, telephone, data, preconditioned air systems, and other utilities supplied by the Authority from time to time.
- I. To use the areas designated as Air Carrier employee parking facilities for the parking of its employees' vehicles pursuant to an operating agreement, lease, or other arrangement containing such reasonable terms and conditions as the Authority and each Air Carrier shall mutually agree upon and the payment of any reasonable fees required pursuant to such arrangement.
- J. To purchase, keep, and install, and in any event to use and maintain, at the areas designated by the Authority as an Air Carrier's GSE parking facilities (which may include a Signatory Airline's Preferential Aircraft Parking Positions, if any), mobile devices for the loading, unloading and general servicing of an Air Carrier's aircraft, air start systems, and other miscellaneous aircraft and aircraft-related support equipment, pursuant to an operating agreement, lease, or other arrangement containing such reasonable terms and conditions as the Authority and each Air

Carrier shall mutually agree upon and the payment of any reasonable fees required pursuant to such arrangement.

- K. To use the Airport fuel system for the purpose of storing and dispensing fuel pursuant to such reasonable terms and conditions as the Authority or Tampa Airport Fuel Committee that operates the fuel system may establish.
- L. Subject to the Authority's design standards for the Airport and the Tenant Work Permit Program, if applicable, as the same may from time to time be adopted, amended, or altered, to install, maintain, and use signs in a Signatory Airline's Office and Club Premises or Preferential Use Premises, including installation of such Signatory Airline's logo on the walls behind ticket counters and check-in counters in holdrooms at Signatory Airline's Preferential Use Premises. Notwithstanding the foregoing, in a Signatory Airline's Office and Club Premises not visible from public areas, such Signatory Airline shall be permitted to install such signs as it desires so long as the Signatory Airline complies with Applicable Laws and the Authority's design standards for the Airport, as in effect from time to time.
- M. To operate and maintain in a Signatory Airline's Office and Club Premises, if any, passenger clubs and lounges; provided, however, that if a Signatory Airline shall engage in the sale of goods or services or charge an entrance fee at such club or lounge, such Signatory Airline shall pay to the Authority, in addition to all other fees and charges payable hereunder, a concession fee equal to the amount of gross sales at such club or lounge multiplied by the rate equivalent to the applicable concession fee rate (including any incremental percentage fees) being paid to the Authority or its third party concession manager by any concessionaire for similar sales at the Airport.
- N. To install, maintain, and operate in a Signatory Airline's Office and Club Premises or Preferential Use Premises only in areas not accessible to the general public, vending machines dispensing food and beverages and other merchandise for consumption by such Signatory Airline's employees; provided, however, that if such machines or equipment require electrical power or other utilities not serving the Office and Club Premises or Preferential Use Premises on the Commencement Date, the Signatory Airline shall be responsible for any utility upgrades necessary to service such machines or equipment.

- O. To install, maintain, and operate, in a Signatory Airline's Office and Club Premises or Preferential Use Premises subject to the Authority's design standards for the Airport and the Tenant Work Permit Program, if applicable, customer relations, security, waiting room, baggage, cargo, mail handling, and storage facilities and equipment; reservations, administrative, and operations offices; and lockers, restrooms, and related facilities for its employees; provided, however, that if such machines, equipment, or facilities require electrical power or other utilities not serving the Signatory Airline's Office and Club Premises or Preferential Use Premises on the Commencement Date, such Signatory Airline shall be responsible for any utility upgrades necessary to service such machines, equipment, or facilities.
- P. To provide, either alone or in conjunction with others, or through a nominee, porter/sky cap service for the convenience of the public.

6.2 Exercise of Rights by and for Third Parties.

- A. Only in accordance with Section 6.4 with respect to an Operating Agreement for Ground Handlers, and subject to the provisions of Section 6.2(B), the rights and privileges granted to an Air Carrier pursuant to this Article 6 may be exercised on behalf of an Air Carrier by other Air Carriers or Ground Handlers, and an Air Carrier may exercise on behalf of any other Air Carrier providing air transportation to and from the Airport, any of the rights granted to an Air Carrier herein.
- B. If at any time, the CEO shall reasonably determine that some or all Air Carriers or Ground Handlers exercising the rights and privileges granted pursuant to this Article 6 are exercising such rights and privileges (i) in a manner which interferes with the operation or maintenance of the Airport; (ii) which adversely affects the health or safety of the public or other users of the Airport; or (iii) which fails to comply with the Authority Rules and Regulations or terms of this Resolution, the CEO shall notify the applicable Air Carriers of such determination, which notice shall include such information as may be necessary for the applicable Air Carriers to verify such determination. Each applicable Air Carrier shall promptly commence and diligently pursue action necessary to correct the conditions or actions specified in such notice. If such conditions or actions are not corrected within thirty (30) calendar days (or immediately if the Authority determines that such conditions or actions adversely affect health or safety) after receipt of such notice or if such conditions or actions cannot be corrected within such period and the applicable Air

Carriers have not promptly commenced and diligently pursued all such corrective action which could be taken within such period, then upon the request of the CEO, the applicable Air Carriers shall terminate such arrangements or agreements. For purposes of this Section 6.2(B), the term “applicable Air Carriers” or “applicable Air Carrier” refers to those Air Carriers (or specific Air Carrier) whom the Authority has identified as exercising rights and privileges hereunder in a manner set forth in clauses (i) – (iii) above.

6.3 Restrictions.

- A. The grant of rights and privileges hereunder does not authorize an Air Carrier to conduct a separate business at the Airport but permits an Air Carrier to conduct such activities only insofar as they are reasonably necessary or incidental to or connected with the conduct of such Air Carrier’s Air Transportation Business at the Airport and to the conduct of an Operating Agreement for Ground Handlers approved pursuant to Section 6.4.
- B. Except as to rights specifically set forth in Section 6.1, nothing contained herein is intended or shall be construed to authorize or permit an Air Carrier to compete with any of the Authority’s authorized concessionaires, Airport parking facilities, rental car companies, or other ground transportation providers operating at the Airport.
- C. The CEO may, from time to time, temporarily or permanently close roadways, taxiways, taxi lanes, runways, apron areas, doorways, and any other area at the Airport as necessary to maintain, improve, construct, or repair such facilities, or for safety reasons; provided, however, that, unless an emergency situation exists, the Authority shall use diligent efforts to minimize and schedule closings in order to minimize the disruption of services being provided and operations of Air Carriers, and it shall use commercially reasonable efforts to provide alternative means of ingress and egress and other facilities necessary for the Air Carriers’ operations.
- D. The Authority has the right to restrict the use by an Air Carrier of Terminal Aircraft Apron space. The Authority has the right to charge a reasonable fee for aircraft parking on such Terminal Aircraft Apron space.
- E. The Authority will require the execution of a Space Rental Agreement or other agreement between the Authority and a Signatory Airline for the right to use space and/or ground area at the Airport other than Per Use Gates and Related Terminal Area.

- F. Except in the Air Carrier's clubs, an Air Carrier may not conduct or permit the sale or other distribution of food or beverages to passengers in the Terminal Complex, except as expressly provided in this Resolution, without the approval of the CEO; provided, however, that in the event of irregular operations causing flight delays, an Air Carrier may provide snacks and nonalcoholic beverages to its customers without cost; provided, however, that if such privilege is abused in the sole judgment of the CEO, such privilege may be withdrawn.
- G. No Air Carrier shall knowingly interfere or permit interference by its Airline Parties, customers, or invitees with the use, operation, or maintenance of the Airport, including but not limited to, the effectiveness or accessibility of the drainage, sewage, water, communications, fire protection, utility, electrical, or other systems installed or located from time to time at the Airport; and no Air Carrier shall engage in any activity prohibited by the Authority's noise abatement procedures.
- H. As soon as reasonably possible after an Air Carrier's disabled aircraft is released from the control or jurisdiction of all applicable Governmental Authorities, such Air Carrier shall remove (or cause the lessor of an aircraft to remove) any such disabled aircraft from the Airfield and Terminal Aircraft Apron, and shall place and store any such disabled aircraft only in such storage areas and upon terms and conditions as may be reasonably approved by the Authority. In the event a disabled aircraft is not removed as expeditiously as is reasonably possible, the Authority may, following reasonable notice to such Air Carrier, but shall not be obligated to, cause the removal of such disabled aircraft in accordance with Applicable Law.
- I. No Air Carrier may keep or store flammable liquids within any covered or enclosed portion of the Airport without the prior written approval of Authority. Any such liquids having a flash point of less than 110 degrees Fahrenheit must be kept and stored in safety containers of a type approved by Underwriters Laboratories.
- J. No Air Carrier may create or permit to be caused or created within the Airport any obnoxious odor, smoke, or noxious gases or vapors. The creation of exhaust fumes by the operation of internal-combustion engines or engines of other types, so long as such engines are maintained and are being operated in a proper manner, will not be a violation of this Resolution.
- K. Parking or storage of aircraft or GSE at an aircraft apron that in any way interferes with Airport operations, including the movement of passengers, cargo, or other

aircraft, is prohibited. An Air Carrier must remove aircraft or GSE within forty-five (45) minutes of notification by the Authority of its determination that: (i) an emergency exists requiring removal of said aircraft or GSE; (ii) said aircraft or GSE is interfering with Airport operations or the movement of passengers, cargo, or other aircraft; or (iii) the aircraft apron is required for temporary access by another Air Carrier, provided that the Authority has first determined that other suitable aircraft apron space is not available. An Air Carrier may park and store GSE owned by such Air Carrier, its Affiliate(s), or any subcontractor to such Air Carrier which holds a valid Operating Agreement for Ground Handlers from the Authority and with whom the Air Carrier contracts to provide airside services. No vehicle owned or operated by an Air Carrier or any Airline Party shall access the AOA unless directly related to an Air Carrier's Air Transportation Business. All vehicles driven, escorted, or parked on the AOA must meet the Authority's insurance requirements and comply with the Rules and Regulations. All Air Carrier vehicles, including those of all Airline Parties, excluding escorted vehicles, accessing the AOA must bear such Air Carrier's identification on both sides of the vehicle, identifiable from a distance of fifty (50) feet. An Air Carrier's vehicles must also display the Authority's movement area permit decal. Each Air Carrier shall verify that all of its Airline Parties who operate motorized vehicles on Airport property have a valid driver's license. Each Air Carrier must provide evidence in writing of such verification within fifteen (15) days of written request by Authority. If an Air Carrier fails to provide verification or if an Airline Party is found to be driving on Airport property without a valid driver's license, the Authority may revoke the offending driver's ID Media and may assess a monetary penalty against the Air Carrier employing such Airline Party of up to \$1,000 per occurrence. Said penalty will be due and payable within fifteen (15) days' notice of invoice for the same. On a quarterly basis, each Air Carrier shall conduct an audit of the status of the driver's licenses of its Airline Parties that operate motorized vehicles on Airport Property to ensure that they possess a valid driver's license. Such audits shall be provided to Authority upon fifteen (15) days' written request by Authority.

- L. All rights not otherwise expressly granted to the Air Carriers pursuant to Section 6.1 are hereby reserved to the Authority.

- M. Any construction activities undertaken at the Airport by a tenant or occupant other than the Authority not described in Article 6 shall be subject to the Tenant Work Permit Program.

6.4 Operating Agreement for Ground Handlers.

- A. If an Air Carrier is conducting an Air Transportation Business at the Airport, subject to the Authority's prior written approval, which approval shall not be unreasonably withheld, conditioned or delayed, an Air Carrier may enter into an agreement (each an "**Operating Agreement for Ground Handlers**") to use all public areas of the Airport which such Air Carrier has a right to use in common with others for the handling by such Air Carrier's personnel of the Air Transportation Business of any other Air Carrier using the Airport to the same extent as they may be used for the Air Transportation Business of such Air Carrier, or handling by the personnel of any third party service provider (a "**Ground Handler**") holding an Operating Agreement for Ground Handlers with the Authority to provide the services requested by an Air Carrier; provided, however, that a handling Air Carrier shall remain liable for all of its and the handled Air Carrier's obligations hereunder.
- B. In the event an Air Carrier handles any other Air Carrier and such handled Air Carrier is not an Affiliate of the handling Air Carrier, such handling Air Carrier must (i) collect, on behalf of the Authority, and submit to Authority, all applicable Airline Fees and Charges as determined by the Authority and, (ii) as consideration for the privilege of being allowed to handle such Air Carrier, the handling Air Carrier will pay to the Authority a monthly privilege fee as set forth in the Operating Agreement for Ground Handlers or as otherwise established by the Authority from time to time.

6.5 Affiliates.

If an Air Carrier is conducting an Air Transportation Business at the Airport, subject to the Authority's prior written approval, such Air Carrier may utilize one or more Affiliates and allow such Affiliates to conduct its Air Transportation Business at the Airport; to use, in common with others so authorized, the Joint Use Premises and Public Space of the Airport (including the Airfield), in addition to a Signatory Airline's Airline Premises, if any; and to perform all operations and functions as are connected, incidental or necessary to such Air Carrier's Air Transportation Business at the Airport.

ARTICLE 7
OBLIGATIONS OF AIR CARRIERS

- 7.1 Air Carrier Requirements. As a condition of being permitted to operate its Air Transportation Business at the Airport, each Air Carrier shall comply with the following:
- A. Each Air Carrier shall obtain and hold all certificates, permits, licenses, insurance, or other entitlements required by Applicable Laws in order to enable it to conduct its operations and engage in the Air Transportation Business at the Airport, and said certificates, permits, licenses, or other entitlements shall be kept current, valid, and complete throughout the duration of an Air Carrier's operations at the Airport.
 - B. Except as otherwise provided herein or in the Rules and Regulations, an Air Carrier may obtain supplies or services from suppliers, vendors, or contractors of its own choice for its operations at the Airport; provided that the Authority may license and regulate all persons or companies doing business at the Airport and impose charges for the privilege of conducting any such business and prohibit persons from engaging in aeronautical activities, the provision of ground transportation services, or any commercial activities at the Airport, except in accordance with agreements, concession contracts, permits, or operating agreements entered into between the Authority and such persons.
 - C. Each Air Carrier shall comply with Applicable Laws relating to Airport security and shall prevent or deter unauthorized persons from obtaining access to the AOA or any other secure area of the Airport. Each Air Carrier shall also take such security precautions as the Authority may, from time to time, reasonably require pursuant to the Rules and Regulations. An Air Carrier shall reimburse the Authority for all fines or charges imposed by any applicable Governmental Authority against the Authority because of such Air Carrier's violation of any Applicable Laws or this Resolution.
 - D. Each Air Carrier acknowledges that the Terminal Complex is to be used by the traveling public. Air Carriers shall make available space to its passengers and to the traveling public on a nondiscriminatory basis, including ensuring accessible paths of travel for disabled persons, and shall make reasonable efforts to coordinate its activities and operations with abutting tenants and the Authority, so as to maximize efficient use of available space.

- E. Air Carriers may not injure, deface, or otherwise harm the Airport or any part thereof in any manner that will constitute waste, and shall not cause or permit any unlawful conduct, unreasonable annoyance, or nuisance to exist at the Airport, nor permit any activity or omission which constitutes or results in unlawful conduct, unreasonable annoyance, or nuisance, nor permit the emission of any objectionable noise, vibration, or odor, nor overload the floor of the Terminal Complex, nor permit any use of the Terminal Complex which will invalidate or increase the premiums on any of the Authority's insurance; provided that the conduct of an Air Carrier's Air Transportation Business in accordance with Applicable Laws shall not be deemed a nuisance or an unreasonable annoyance.
- F. Each Air Carrier shall use all paved areas on the Airport as constructed and in accordance with the permitted use of such paved areas, and Air Carriers will prohibit their Airline Parties from placing excessive loads on paved areas on the Airport. An Air Carrier will be responsible for the repair of any paved area damaged by non-conforming usage or excessive loading by such Air Carrier or its Airline Parties.
- G. Each Air Carrier shall participate in any lawful Airport-wide programs or initiatives of general applicability as the Authority may require upon notice to such Air Carrier, provided such program or initiative shall not result in any material cost or expense or result in any undue burden to such Air Carrier.
- H. Each Air Carrier shall have a fully qualified and experienced manager assigned to the Airport who will be available at all times (Station Manager). Each Air Carrier will assign a qualified subordinate to be in charge and to act on behalf of the Station Manager in the Station Manager's absence (Acting Station Manager). An Air Carrier operating at the Airport less than daily may designate a Station Manager and/or Assistant Station Manager that is located other than at the Airport. Each Air Carrier will provide Authority with, and update in a timely manner, the contact information for the Station Manager and Acting Station Manager.
- I. Each Air Carrier will, to the extent reasonably practicable, control the conduct, demeanor and appearance of all of its Airline Parties, and of those doing business with such Air Carrier and, upon objection from Authority concerning the conduct, demeanor, or appearance of any such persons, will immediately take all reasonable steps necessary to remove the cause of objection.

7.2 Security Badging.

Any Air Carrier employee, or any employee of its contractors or agents, that requires unescorted access to the SIDA must be badged with an ID Media by Authority's ID Badging Department and will be subject to a CHRC and STA. A new or renewed ID Media will not be issued to an individual until the results of the CHRC and STA are completed and indicate that the applicant has not been convicted of a disqualifying criminal offense. If the CHRC or STA discloses a disqualifying criminal offense, the individual's new or renewed ID Media application will be rejected. The costs of the CHRC and STA as established by the Authority from time to time must be paid by Air Carrier. Authority may collect all costs related to badging at the time badging service is provided. All badged employees of an Air Carrier and its contractors or agents must comply with the Authority's regulations regarding the use and display of ID Media. The Authority may require renewal of the ID Media of an Air Carrier's employees, contractors and/or agents at any time. If an Air Carrier's employee, contractor and/or agent fails to comply with renewal requirements, as directed by the Authority, the Authority may suspend the ID Media privileges of that Air Carrier employee, contractor and/or agent.

In order to be permitted to work on Airport property, an employee must have a valid and active ID Media allowing access to that employee's work area. Employees who have their ID Media privileges revoked or suspended may not be escorted on Airport property.

Each Air Carrier will be assessed a fine in an amount established by the Authority from time to time for each ID Media that is lost, stolen, unaccounted for or not returned to the Authority at the time of ID Media expiration, employee termination, termination of its Space Rental Agreement, or upon written request by Authority. This fine will be paid by such Air Carrier within fifteen (15) days from the date of invoice. The Authority may collect this fine at the time it is assessed.

If any Air Carrier employee is terminated or leaves an Air Carrier's employment, the Air Carrier must notify the Authority immediately, and the ID Media must be returned to Authority promptly.

7.3 Airline Property.

The personal property placed or installed by an Air Carrier at the Airport including, but not limited to, trade fixtures and trade equipment, shall remain the property of such Air Carrier and must be removed on or before the termination of such Air Carrier's occupancy of some or all of the Airport at such Air Carrier's sole risk and expense. No Air Carrier may abandon

any of its property at the Airport without the written consent of the CEO. Any damage to the Airport or any portion thereof resulting from such removal shall be paid for by the Air Carrier owning such property. In the event of termination of an Air Carrier's operations at the Airport, such Air Carrier shall have thirty (30) days after such termination during which to remove such property. However, the Authority shall have the right to assert such lien or liens against said property (except for an Air Carrier's aircraft) as the Authority may by Applicable Laws be permitted. So long as any such property remains on the Airport, an Air Carrier's obligation to pay Airline Fees and Charges shall continue.

If an Air Carrier's property is not removed as herein provided, the Authority may, at its option, after written notice to such Air Carrier and at such Air Carrier's sole risk and expense, remove such property to a public warehouse for storage, or retain the same in the Authority's possession, or dispose of the same, in accordance with Applicable Law. The Authority shall not be liable for any damage to or destruction of the property so removed, or any proceeds received from the sale thereof, and the Air Carrier shall reimburse the Authority, promptly on demand, for the net cost of such removal (including any required repair of the Authority's facilities), storage and disposal, all as reasonably determined by the Authority.

7.4 Americans with Disabilities Act and Air Carrier Access Act.

- A. Each Air Carrier operating at the Airport shall be solely and fully responsible for ensuring that such Air Carrier's operations, wherever they may occur at the Airport, and any improvements made to the Airport by such Air Carrier, shall at all times comply with the Americans with Disabilities Act, 42 U.S.C. §§12101, *et seq.*, as amended from time to time ("**ADA**"), and the Air Carrier Access Act, 49 U.S.C. §41705, as amended from time to time ("**Access Act**"), including the regulations promulgated under the ADA and the Access Act. If an Air Carrier is found to be in violation of or in non-compliance with the ADA or the Access Act by a Governmental Authority with jurisdiction, such Air Carrier shall develop a work plan to correct any violations or non-compliance with the ADA or the Access Act. Such Air Carrier shall deliver to the Authority, upon Authority's request, a copy of each such report and work plan. The Authority's approval of or acceptance of any aspect of an Air Carrier's corrective work plan shall not be deemed or construed in any way as a representation that such item, activity, or practice complies with the ADA or the Access Act. As a condition of the privilege of operating at the Airport, each Air Carrier operating at the Airport shall indemnify, defend, and hold the Authority harmless from any and all costs incurred by Authority with respect to

such Air Carrier's failure to comply with the ADA or the Access Act for such Air Carrier's operations or any improvements made by such Air Carrier at the Airport.

- B. As a condition of the privilege of operating at the Airport, each Air Carrier shall comply in its operations at the Airport, at its own expense, with all Applicable Laws concerning the general area of civil rights, minorities, and accessibility, and the topics dealt with in subparagraph (a) above prescribed or promulgated by any Governmental Authority, whether foreseen or unforeseen or ordinary or extraordinary.

7.5 Policy of Open Access.

The Authority intends to maintain a policy of providing open access to the Airport for Air Carriers and other aeronautical users of the Airport and achieving balanced utilization of Airport facilities. In furtherance of that policy and its stated goals, (a) the Authority shall have control and possession of the Per Use Gates, which may be varied at the discretion of the Authority in accordance with such Signatory Airline's Space Rental Agreement, (b) the Authority reserves the right to require sharing and temporary use of a Signatory Airline's Preferential Use Gates and Related Terminal Area, and (c) the Authority reserves the right to recapture for use on a per Turn basis underutilized Gates and Related Terminal Area in accordance with such Signatory Airline's Space Rental Agreement.

REPORTS AND AUDITS

8.1 Reports.

For the privilege of operating its Air Transportation Business at the Airport, each Air Carrier operating at the Airport must provide the following reports:

- A. Contents of Reports. Not later than the tenth (10th) day of each month of each Fiscal Year, each Air Carrier shall complete and file with the Authority, via the Authority's electronic portal or as otherwise directed by the Authority, the following information and data for the previous month:

1. Air Carrier's Revenue Aircraft Arrivals and Maximum Gross Landed Weight of Revenue Aircraft Arrivals;

2. Air Carrier's Enplaned Passengers, Deplaned Passengers and through passengers, with separate accounting for domestic and international and nonrevenue passengers;
3. Revenue Aircraft Arrivals, Enplaned Passengers, Deplaned Passengers, and through passengers, with separate accounting for domestic and international and nonrevenue passengers, and Maximum Gross Landed Weight of aircraft ground handled by Air Carrier and of its Affiliates;
4. The amount of enplaned and deplaned freight, mail and other cargo of or ground handled by Air Carrier;
5. Such information regarding the collection of PFCs as may be required in the FAA's final agency decision;
6. The number of Air Carrier's aircraft utilizing Authority's Per Use Gates on a daily Turn basis and the number of daily uses of Authority's Per Use Ticket Counters;
7. The number of Air Carrier's aircraft parked at designated aircraft parking locations and the number of 2 or more hour periods in each 24 hour period that aircraft were parked at aircraft parking locations;
8. The number of Air Carrier's arriving international passengers using the FIS Facilities; and
9. Such other information as may reasonably be required to be provided by Air Carriers operating at the Airport upon no less than ninety (90) days advance written notice from the Authority to the Air Carriers operating at the Airport.

The Authority may, but shall not be required to, rely on the reports submitted by the Air Carriers operating at the Airport in determining Airline Fees and Charges due hereunder. Acceptance of monthly reports and payments by the Authority does not constitute agreement by the Authority with the activities reported or amounts paid. The Authority may also rely on alternative sources of information, such as FAA statistics and electronic data collection systems, or shall be entitled to approximate such activity information using any sources or methods deemed reasonable by the Authority (e.g., using aircraft seats as a method to estimate passenger information), to determine Airline Fees and Charges due hereunder.

Use of such alternative sources and methods by the Authority shall not relieve any Air Carrier of its reporting obligations. To the extent there is a discrepancy between the information provided by an Air Carrier and information gathered from other sources, the Authority's determination as to the most reliable and accurate information shall be determinative; provided, however, that the Authority shall use reasonable efforts to reconcile any discrepancy. Each Air Carrier shall have full responsibility for the accuracy of its reports. Payment deficiencies due to incomplete or inaccurate activity reports may be subject to interest charges as set forth in this Resolution.

B. Passenger Facility Charge (PFC) Reports.

1. Quarterly Reports. In accordance with 14 CFR §158.65, each Air Carrier will submit quarterly PFC reports to the Authority, providing an accounting of funds collected and funds remitted. Said reports will state the total PFC Revenue collected, the total amount of PFC Revenue refunded to passengers, and the amount of collected revenue withheld by the Air Carrier for reimbursement of expenses in accordance with 14 CFR §158.53. The report must include the dates and amounts of each remittance for the quarter. The report must be submitted on or before the last day of the calendar month following the calendar quarter for which funds were collected.
2. Annual Reports. In accordance with 14 CFR §158.69(b)(3), if an Air Carrier collects PFCs from more than 50,000 passengers annually, it will submit a copy of its PFC account annual audit to Authority no later than six (6) calendar months after the close of the audited period.

8.2 Audits, Inspections, or Attestation Engagements.

- A. Notwithstanding the requirement for each Air Carrier to submit periodic reports, as a condition of operating at the Airport, each Air Carrier must allow the Authority or its representative, at any time during normal business hours, to initiate and perform audits, inspections, or attestation engagements of an Air Carrier's records to substantiate Airline Fees and Charges owed to the Authority hereunder or compliance by an Air Carrier with its other obligations and requirements hereunder. Each Air Carrier shall provide free and unrestricted access to such of its books and records, including records of parent, affiliate, and/or subsidiary companies and any subconsultants or subcontractors directly pertinent to its operations at the Airport and that the Authority determines are necessary to substantiate Airline Fees and

Charges owed to the Authority hereunder or compliance by an Air Carrier with its other obligations and requirements hereunder. If such records are kept at locations other than the Airport, such Air Carrier will arrange for said records to be brought to a location convenient to Authority's auditors to conduct the engagement as set forth in this Section, or the Authority's audit team may travel to the Air Carrier's location of records for the purpose of undertaking said engagement and such Air Carrier must pay all reasonable costs of transportation, food, and lodging for the Authority's audit team. In the event an Air Carrier maintains the requested records in electronic format, upon request by the Authority's auditors, the Air Carrier will provide a download or extract of data files in a computer readable format acceptable to Authority at no additional cost. The Authority has the right during the engagement to interview each Air Carrier's employees, subconsultants, and subcontractors and to make photocopies of records as needed. Absent a confidentiality agreement between the Authority and the Air Carrier, nothing contained herein shall impose an obligation upon an Air Carrier to disclose or present for inspection or audit hereunder books, records or other information that may be subject to confidential treatment as a trade secret, as defined under Applicable Laws, of an Air Carrier.

- B. Each Air Carrier will deliver or provide access to such records requested by Authority's auditors within fourteen (14) calendar days of the request at the initiation of the engagement and deliver or provide access to all other records requested during the engagement within seven (7) calendar days of each request. The Authority will incur additional costs if records requested by the Authority's auditors are not provided in a timely manner and the amount of those costs is difficult to determine with certainty. Consequently, an Air Carrier may be charged liquidated damages of \$100.00, in addition to all other financial requirements, for each item in a records request, per calendar day, for each instance where an Air Carrier submits requested records to perform the engagement after the foregoing deadline. Accrual of the fee will continue each day until such records are delivered.
- C. If, as a result of any engagement, it is determined that an Air Carrier owes additional Airline Fees and Charges to the Authority, such Air Carrier must pay such amounts, and the Authority may assess interest as provided in Section 10.11 on the amount due from the date the amount was initially due until it is paid in full. If it is determined that an Air Carrier has underpaid Airline Fees and Charges by three percent (3%) or more for the period under review, such Air Carrier must also pay for the entire cost of the audit engagement. If as a result of any engagement,

it is established that an Air Carrier has over-reported Airline Fees and Charges or has paid Airline Fees and Charges greater than the sum due, the Authority shall refund to such Air Carrier any such overpayment.

- D. Each Air Carrier operating at the Airport must comply with Section 20.055(5), Florida Statutes, cooperate with any investigation by the State Office of Inspector General, and must incorporate in all subcontracts the obligation to comply with Section 20.055(5), Florida Statutes.

- L. Should the Authority transfer land from the Land Bank Cost Center to another Cost and Revenue Center, it shall do so at the historical cost of such land plus the cost of any improvements thereto.

9.2 Annual Rate Changes.

- A. No later than forty-five (45) days prior to the end of each Fiscal Year, the Authority will notify the Air Carriers operating at the Airport of the proposed schedule of rates for Airline Fees and Charges for the ensuing Fiscal Year, including the Authority's proposed operating and capital budgets. Said rates shall be determined and presented to the Air Carriers substantially in conformance with the methods and format set forth in Section 9.1. In addition, the Authority shall notify the Air Carriers in writing of its intent to undertake any Capital Projects during such ensuing Fiscal Year.
- B. The Air Carriers, through the AAAC, shall have the right to review and comment upon the proposed operating and capital budgets. No later than thirty (30) days after the forwarding of the proposed schedule of rates for Airline Fees and Charges, the Authority will meet with the AAAC at a mutually convenient time for the purpose of discussing such Airline Fees and Charges. In advance of said meeting, the Authority shall make available to the AAAC any reasonably requested additional information relating to the determination of the proposed rates. Authority agrees to fully consider the comments and recommendations of the Air Carriers prior to finalizing its schedule of Airline Fees and Charges for the ensuing Fiscal Year.
- C. Following said meeting, and following Authority Board approval, and prior to the end of the then current Fiscal Year, Authority shall notify all of the Air Carriers operating at the Airport of the Airline Fees and Charges to be established for the ensuing Fiscal Year.
- D. If calculation of the new Airline Fees and Charges is not completed by the Authority and the notice provided in Paragraph 9.2(C) is not given on or prior to the end of the then current Fiscal Year, the Airline Fees and Charges then in effect shall continue to be paid by the Air Carriers operating at the Airport until such calculations are concluded and such notice is given. Upon the completion of such calculations and the giving of such notice, the Authority shall determine the difference(s), if any, between the actual Airline Fees and Charges paid by each Air Carrier for the then current Fiscal Year and the Airline Fees and Charges that would have been paid by such Air Carrier if said Airline Fees and Charges had been in effect beginning on the first day of the Fiscal Year. Said difference(s), if any, shall be applied to the particular Airline Fees and Charges for which a

difference(s) in rates resulted in an overpayment or underpayment, and shall be remitted by the Air Carrier or credited or refunded by Authority in the month immediately following the calculation of the new Fiscal Year rates and the giving of written notice thereof to the Air Carriers by the Authority.

9.3 Other Rate Changes.

Rates for Airline Fees and Charges may be changed at any other time that unaudited monthly Authority financial data indicates that total Airline Fees and Charges payable pursuant to the then current rate schedules are reasonably estimated and anticipated by the Authority to increase or decrease by more than five percent (5%) from the total Airline Fees and Charges that would be payable based upon the use of the monthly financial data then available for said Fiscal Year. Rates for Airline Fees and Charges may also be changed whenever required by the terms and provisions of the Trust Agreement or Other Financing Documents.

9.4 Settlement and Revenue Sharing.

A. The Authority shall use commercially reasonable efforts to recalculate Airline Fees and Charges for the preceding Fiscal Year within one hundred twenty (120) days following the close of each Fiscal Year, or as soon as final Authority financial data for said Fiscal Year is available, using audited financial data and the methodology set forth in Section 9.1. The AAAC shall have reasonable access to the records of the Authority and shall have the right to audit the financial data used in connection with such recalculation. Upon the determination of any difference(s) between the actual Airline Fees and Charges paid by a Signatory Airline during the preceding Fiscal Year and the Airline Fees and Charges that would have been paid by such Signatory Airline using said recalculated rates, Authority shall, in the event of overpayment, promptly refund or credit to such Signatory Airline the amount of such overpayment within thirty (30) days, and in the event of underpayment, invoice such Signatory Airline for the amount of such underpayment, which invoiced amount shall be due within thirty (30) days of the invoice mailing date.

B. After payment of all Costs of the Airport System and Authority-funded Capital Projects for each Fiscal Year, including a minimum contribution to unrestricted reserves of no less than Ten Million Dollars (\$10,000,000) per Fiscal Year, ten percent (10%) of the pro rata share of Revenues consisting of any remaining Revenues for such Fiscal Year derived from parking and concessions (including food and beverage, hotel, general merchandise, car rentals and ground transportation) shall be divided among the Signatory Airlines based upon each

such Signatory Airline's Enplaned Passengers as a percentage of the total Enplaned Passengers of all Signatory Airlines for that Fiscal Year. For the avoidance of doubt, calculation of Revenue sharing is summarized in the table below:

Total Revenues	[A]
Less:	
O&M Expenditures	[B]
O&M Reserve Requirement	[C]
Authority Funded Capital	[D]
Debt Service	[E]

ARTICLE 10
PAYMENTS

Each Air Carrier shall pay Authority the Airline Fees and Charges set forth in this Article 10 for use of the Airport during the period such Air Carrier operates at the Airport; provided, however, that itinerant and non-scheduled charter Air Carriers may instead pay such fees to a Ground Handler. For the right and privilege

of operating its Air Transportation Business at the Airport, each Air Carrier operating at the Airport shall pay to Authority, in lawful money of the United States of America, the following:

10.1 Landing Fees.

Each Air Carrier must pay monthly to the Authority Landing Fees for Chargeable Landings for the preceding month. An Air Carrier's Landing Fees shall be determined as the product of the Landing Fee rate for the period, calculated in accordance with Section 9.1(A), and such Air Carrier's total landed weight for the month. An Air Carrier's landed weight for the month shall be determined as the sum of the products obtained by multiplying the Maximum Gross Landed Weight of each type of such Air Carrier's aircraft by the number of Chargeable Landings of each such aircraft during such month.

10.2 Per Use Facility and FIS Fees.

Each Air Carrier must pay a Per Use Ticket Counter Fee for each use of a Per Use Ticket Counter and a Per Use Gate Fee for each use of a Per Use Gate in accordance with the schedule of Airline Fees and Charges established by the Authority from time to time following consultation with the Air Carriers operating at the Airport as set forth in accordance with Section 9.1(G) and (H). Each Air Carrier operating international flights subject to FIS screening shall pay the FIS Fee established by the Authority for each eligible international passenger.

10.3 Joint Use Charges and Per Passenger Fees.

- A. Each Air Carrier must pay its allocable share of the Joint Use Charges determined pursuant to the Joint Use Formula for the use of the Joint Use Premises in accordance with the schedule of Airline Fees and Charges established by the Authority from time to time following consultation with the AAAC as set forth in accordance with Section 9.1(F).
- B. Each Air Carrier must pay its allocable share of the Passenger Transfer System Fees determined pursuant to the Joint Use Formula for the use of the Passenger Transfer System in accordance with the schedule of Airline Fees and Charges established by the Authority from time to time following consultation with the AAAC as set forth in accordance with Section 9.1(D).
- C. Each Air Carrier must pay its allocable share of the Baggage Handling System Fees determined pursuant to the Joint Use Formula for the use of the Baggage

Handling System in accordance with the schedule of Airline Fees and Charges established by the Authority from time to time following consultation with the AAAC as set forth in accordance with Section 9.1(E).

- D. Each Air Carrier must pay its allocable share of the Airline Terminal Support Fees determined pursuant to the Joint Use Formula for the use of the systems included in the Airline Terminal Support Cost and Revenue Center in accordance with the schedule of Airline Fees and Charges established by the Authority from time to time following consultation with the AAAC as set forth in accordance with Section 9.1(J).

10.4 Aircraft Parking Fees.

Each Air Carrier must pay Aircraft Parking Fees for parking aircraft on the Terminal Aircraft Apron in accordance with the schedule of Airline Fees and Charges established by the Authority from time to time following consultation with the AAAC as set forth in accordance with Section 9.1(I).

10.5 Airline Premises Rent.

Each Signatory Airline that has entered into a Space Rental Agreement with respect to Office and Club Premises or Preferential Use Premises within the Terminal Complex must pay monthly rent per Rentable Square Foot of its Airline Premises ("**Airline Premises Rent**") within the Terminal Building and the Airside Buildings in accordance with the schedule of Airline Fees and Charges established by the Authority from time to time following consultation with the AAAC as set forth in accordance with Section 9.1 and the Space Rental Agreement.

10.6 Passenger Facility Charges.

- A. Authority reserves the right to assess and collect PFCs subject to the terms and conditions set forth in 49 U.S.C. § 40117 (the "**PFC Act**") and the rules and regulations thereunder, 14 C.F.R. Part 158 (the "**PFC Regulations**"), as they may be supplemented or amended from time to time. Each Air Carrier operating at the Airport must collect FAA-approved PFCs imposed by Authority from all eligible passengers it enplanes at the Airport. On or before the last day of each month, each such Air Carrier must remit to the Authority all PFC revenue collected for the previous month, less any compensation provided for under 14 CFR §158.53(a), together with all reports required under §158.65.

- B. If an Air Carrier transports passengers from the Airport on such Air Carrier's aircraft chartered by a charter airline or tour operator issuing passenger tickets other than those of such Air Carrier, the Air Carrier will provide Authority with a schedule detailing the date and time of the flight and the number of Enplaned Passengers. Such Air Carrier shall pay the required PFC amount due Authority in a timely manner and may seek reimbursement from the charter airline or tour operator with no liability to Authority.
- C. Each Air Carrier shall hold the net principal amount of all PFCs that are collected by such Air Carrier or its agents on behalf of the Authority pursuant to the PFC Act and the PFC Regulations in trust for the Authority. For purposes of this Section, net principal amount shall mean the total principal amount of all PFCs that are collected by an Air Carrier or its agents on behalf of the Authority, reduced by all amounts that such Air Carrier is permitted to retain pursuant to § 158.53(a) of the PFC Regulations (such net principal amount known as "**PFC Revenue**"). By operating at the Airport, each Air Carrier acknowledges that all PFC Revenue collected for the Authority neither belongs to nor is owned by such Air Carrier except to the extent set forth in applicable Federal law and, unless the status of PFC Revenue in the possession of an Air Carrier is characterized in a separate manner under FAA regulations (in which case such characterization shall prevail), that such PFC Revenue is held in trust by such Air Carrier for the exclusive use and benefit of the Authority. No Air Carrier may make any claim in any document or proceeding that, for PFC Revenue collected by such Air Carrier on behalf of the Authority, the Air Carrier has any legal or equitable interest in such PFC Revenue, except to the extent such Air Carrier is specifically granted such interest by Federal statute or regulation, including the right of reimbursement from such PFC funds for the Air Carrier's costs of collection.
- D. Any late payment by an Air Carrier of PFCs may be subject to late fees computed at the rate of one and one-half percent (1.5%) per month or, if less, the highest rate permitted by Applicable Law, from the due date until paid, to the extent allowed by Applicable Law.
- E. The Authority has given to the United States of America, acting by and through the FAA, certain assurances under the PFC Act and the PFC Regulations, including Appendix A thereto (the "**PFC Assurances**"), and this Resolution shall be subordinate and subject to all PFC Assurances. In the event the FAA requires any modification of this Resolution as a condition precedent to the Authority's collection

of PFCs or as a means to effect Authority's compliance with the PFC Act, the PFC Regulations, or the PFC Assurances, this Resolution may be modified as may reasonably be required for the Authority to collect PFCs or to comply with the PFC Act, PFC Regulations, and/or PFC Assurances.

10.7 Extraordinary Service Charges.

Each Air Carrier shall pay Extraordinary Service Charges, if applicable, as evidenced by Extraordinary Service Charge authorizations executed by such Air Carrier for such extraordinary additional equipment and services provided by Authority for its use (e.g., Club room finishes, or any other systems or equipment that are unique or special to such Air Carrier's operation) or work or services performed or provided by the Authority pursuant to this Resolution, plus an Administrative Charge. An Air Carrier's charges for Authority purchased Terminal Complex equipment shall be as set forth in a separate agreement with Authority.

10.8 Other Fees and Charges.

The Authority expressly reserves the right to assess and collect the following:

- A. Reasonable and non-discriminatory fees for handling services provided by an Air Carrier for Air Carriers that are not an Affiliate of the handling Air Carrier, if such services or concessions would otherwise be available from a concessionaire or licensee of Authority.
- B. Reasonable and non-discriminatory fees and charges for services, concessions or facilities not enumerated in this Resolution but provided by the Authority or its contractors and utilized by an Air Carrier including, but not limited to, special maintenance of equipment, vehicle storage areas, and remote ramp aircraft parking fees, plus Administrative Charges on the foregoing.
- C. Pro rata shares of any charges for the provision of any services or facilities which the Authority is required or mandated to provide by any Governmental Authority (other than the Authority acting within its proprietary capacity) having jurisdiction over the Airport.
- D. Each Air Carrier operating at the Airport must pay all costs of operating its business including all applicable sales, use, intangible, special assessments, and real estate taxes of any kind, including ad valorem and non-ad valorem, which are assessed

against Air Carrier's use and occupancy of the Airport, and any improvements thereto or leasehold estate created therein, or assessed on any payments made by Air Carrier hereunder, whether levied against such Air Carrier or the Authority. Each Air Carrier operating at the Airport must pay any applicable taxes, fees, or assessments against any such leasehold estate held by such Air Carrier. Each Air Carrier must pay the taxes, fees, or assessments as reflected in a notice such Air Carrier receives from the Authority or any taxing authority within thirty (30) days after such Air Carrier's receipt of that notice or within the time period prescribed in any tax notice issued by a taxing authority; provided, however, in case of any taxes, fees and assessments that are due to a party other than the Authority, but for which the Authority receives the notice, the Authority shall provide such notice to the affected Air Carrier or Air Carriers within a reasonable period of the Authority's receipt thereof. Upon request of an Air Carrier, the Authority will attempt to cause a taxing authority to send the applicable tax bills directly to such Air Carrier, and such Air Carrier shall remit payment directly to the taxing authority. If an Air Carrier disputes any tax, fee, or assessment, the Air Carrier must do so directly with the taxing authority in accordance with prescribed procedure and will so notify Authority in writing.

- E. Each Air Carrier operating at the Airport shall pay to the Authority from time to time reasonable and non-discriminatory permit fees as established by the Authority for right to exercise certain privileges not otherwise provided for herein, as determined by the Authority from time to time.

10.9 Employee Parking Fees.

Employee parking permits are required for employees of Air Carriers to park within the employee parking lots and may also be required by the Authority for parking vehicles within an Air Carrier's leased or common use operational areas. The Authority reserves the right to charge an Air Carrier or its employees a reasonable fee for Airport parking. If Air Carrier is invoiced by Authority for such parking fees, payment is due to Authority within fifteen (15) days from the date of the invoice, or parking privileges may be terminated.

10.10 Payment of Airline Fees and Charges.

- A. Payment of Landing Fees, Per Use Gate Fees, Per Use Ticket Counter Fees, FIS Fees, Joint Use Charges, Baggage Handling System Fees, Passenger Transfer System Fees, Airline Terminal Support Fees, and Aircraft Parking Fees, shall be

due and shall be deemed delinquent if not received within fifteen (15) days after the date of the invoice from the Authority therefor.

- B. Payment of Airline Premises Rent under Section 10.5 shall be due and payable on the first day of each month, in advance, without invoice, and shall be delinquent if not received by the tenth (10th) day of each month.
- C. Payment of fees payable on account of any concession type activity shall be due without demand or invoice on the fifteenth (15th) day following the month revenue is earned by an Air Carrier and shall be deemed delinquent if payment is not received within thirty (30) days after the due date.
- D. Payment for all other Airline Fees and Charges due the Authority shall be due fifteen (15) days from the Authority's issuance of an invoice therefor and shall be deemed delinquent if payment is not received within ten (10) days after the due date for such amounts.

10.11 Interest on Delinquent Payments.

- A. In addition to any other right or action available to the Authority, in the event an Air Carrier is delinquent in paying to the Authority any Airline Fees and Charges, Authority may charge such Air Carrier interest thereon at one and one-half percent (1.5%) per month, to the maximum extent permitted by Applicable Law, from the date such payment was due and payable until paid.

10.12 Place of Payments.

Each Air Carrier will submit all payments required by this Resolution as follows:

SECURITY FOR PAYMENT

11.1 Payment Security Requirements.

- A. Unless an Air Carrier has maintained operations at the Airport during the eighteen (18) months prior to the Effective Date of this Resolution without the occurrence of any failure to pay within sixty (60) days or more of the due date under this Resolution or the Existing Agreement, an Air Carrier, other than an itinerant or nonscheduled charter Air Carrier, must provide the Authority on or before the Commencement Date with an acceptable bond, irrevocable letter of credit or other similar security acceptable to the Authority in an amount equal to the estimate of three months' Airline Fees and Charges (excluding PFCs) payable by such Air Carrier for its operations at the Airport, to guarantee the faithful performance by such Air Carrier of its obligations under this Resolution and the payment of all Airline Fees and Charges due hereunder ("**Payment Security**"). Each Air Carrier will be obligated to maintain such Payment Security in effect until the expiration of eighteen (18) consecutive months during which such Air Carrier commits no default under this Resolution. Such Payment Security will be in a form and with a surety acceptable to Authority and licensed to do business in the State. In the event that any such Payment Security is for a period less than the full period required or if such Payment Security is canceled, the Air Carrier must provide a renewal or replacement Payment Security for the remaining required period at least sixty (60) days prior to the date of such expiration or cancellation. Such Payment Security will require notice by the surety to Authority at least sixty (60) days prior to any cancellation.
- B. In the event Authority is required to draw down or collect against an Air Carrier's Payment Security for any reason, the Air Carrier must, within 15 days after such draw down or collection, take such action as is necessary to replenish the existing

Payment Security to an amount equal to three months' estimated Airline Fees and Charges (excluding PFCs) or provide additional or supplemental Payment Security from another source so that the aggregate of all Payment Security is equal to three months' estimated Airline Fees and Charges (excluding PFCs) payable by such Air Carrier.

- C. In addition to the foregoing, upon the occurrence of any act or omission by an Air Carrier that would constitute a default under this Resolution, or the Authority deems itself insecure based upon a change in an Air Carrier's financial standing, the Authority, by written notice to such Air Carrier, may impose or re-impose the requirements of this Section 11.1 upon such Air Carrier. In such event, the Air Carrier will provide Authority with the required Payment Security within fifteen (15) days from its receipt of such written notice and will thereafter maintain such Payment Security in effect until the expiration of a period of eighteen (18) consecutive months during which such Air Carrier commits no additional act or omission that would constitute a default under in this Resolution.
- D. Subject to the provisions in this Article 11, the Payment Security will be returned within ninety (90) days following an Air Carrier's cessation of service at the Airport, subject to the satisfactory performance by such Air Carrier of all terms, conditions, and requirements contained herein.

ARTICLE 12

INDEMNIFICATION

- A. For the privilege of conducting its Air Transportation Business at the Airport, to the maximum extent permitted by Florida law, in addition to each Air Carrier's obligation to provide, pay for and maintain insurance as required under Article 14 of this Resolution, each Air Carrier will indemnify and hold harmless the Authority and each Indemnified Party from any and all liabilities, suits, claims, procedures, liens, expenses, losses, costs, royalties, fines, and damages (including but not limited to claims for reasonable attorney's fees and court costs) caused in whole or in part by the Air Carrier's or any of its Airline Party's:
1. Presence on, use or occupancy of Authority property;
 2. Acts, omissions, negligence (including professional negligence and malpractice), errors, recklessness, intentional wrongful conduct, activities, or operations;

3. Any breach of the terms of this Resolution;
4. Compliance, non-compliance or purported compliance with this Resolution;
5. Violation of any Applicable Laws; and/or
6. Infringement of any patent, copyright, trademark, trade dress or trade secret rights

whether the liability, suit, claim, lien, expense, loss, cost, fine or damages is caused in part by an Indemnified Party. This indemnity obligation expressly applies, and shall be construed to include, any and all claims caused in part by negligence, acts or omissions of the Authority, its members, officers, agents, employees and volunteers.

B. In addition to the foregoing duty to indemnify and hold harmless, each Air Carrier will have the separate and independent duty to defend the Authority and each other Indemnified Party from all suits, claims, proceedings, or actions of any nature seeking damages, equitable or injunctive relief expenses, losses, costs, royalties, fines or attorney's fees or any other relief in the event the suit, claim, or action of any nature arises in whole or in part from the Air Carrier's or any Airline Party's:

1. Presence on, use or occupancy of Authority property;
2. Acts, omissions, negligence (including professional negligence and malpractice), recklessness, intentional wrongful conduct, activities, or operations;
3. Any breach of the terms of this Resolution;
4. Compliance, non-compliance or purported compliance with this Resolution;
5. Violation of any Applicable Laws; and/or
6. Infringement of any patent, copyright, trademark, trade dress or trade secret rights

whether it is caused in part by Authority or another Indemnified Party. This duty to defend exists immediately upon presentation of written notice of a suit, claim or action of any nature to an Air Carrier operating at the Airport by a party entitled to a

defense hereunder. This indemnity obligation expressly applies, and shall be construed to include any, and all claims caused in part by negligence, acts or omissions of Authority, its members, officers, agents, employees and volunteers.

- C. If the above indemnity or defense provisions or any part of the above indemnity or defense provisions are limited by Florida Statute. §725.06(2)-(3) or Florida Statute §725.08, then with respect to the part so limited, Air Carrier agrees to the following: To the maximum extent permitted by Florida law, Air Carrier will indemnify and hold harmless Authority, its members, officers, agents, employees, and volunteers from any and all liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fee, to the extent caused by the negligence, recklessness, or intentional wrongful conduct of Air Carrier or any Airline Party.
- D. If the above indemnity or defense provisions or any part of the above indemnity or defense provisions are limited by Florida Statute §725.06 (1) or any other Applicable Laws, then with respect to the part so limited the monetary limitation on the extent of the indemnification shall be the greater of the (i) coverage amount of Commercial General Liability Insurance required to be carried by an Air Carrier under this Resolution or (ii) \$1,000,000.00. Otherwise, the obligations of this Article will not be limited by the amount of any insurance required to be obtained or maintained by an Air Carrier under this Resolution.
- E. In addition to the requirements stated above, to the extent required by a FDOT Public Transportation Grant Agreement and to the fullest extent permitted by Applicable Laws, the Air Carrier shall indemnify and hold harmless the State of Florida, FDOT, including the FDOT's officers and employees, from liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness or intentional wrongful misconduct of the Air Carrier and persons employed or utilized by the Air Carrier in the performance of this Resolution. This indemnification in this paragraph shall survive the termination of this Resolution. Nothing contained in this paragraph is intended nor shall it constitute a waiver of the State of Florida's and FDOT's sovereign immunity.
- F. Each Air Carrier's obligations to defend and indemnify as described in this Article will survive until it is determined by final judgment that any suit, claim or other action against the Authority or any Indemnified Party for which it is entitled to

indemnification and defense hereunder is fully and finally barred by the applicable statute of limitations or repose.

- G. Nothing in this Article will be construed as a waiver of any immunity from or limitation of liability the Authority or any Indemnified Party may have under the doctrine of sovereign immunity under common law or statute.
- H. The Authority and the Indemnified Parties may, at their option, participate in the defense of any suit, without relieving any Air Carrier of any of its obligations under this Article.
- I. If the above paragraphs A – H or any part of paragraphs A – H are deemed to conflict in any way with any Applicable Laws, the paragraph or part of the paragraph will be considered modified by such law to remedy the conflict.

ARTICLE 16

SUBORDINATION TO TRUST AGREEMENT

- A. This Resolution and all rights of any Air Carrier hereunder are expressly subordinate and subject to the lien and provisions of any pledge, transfer, hypothecation, or assignment made at any time by the Authority to secure financing. This Resolution is subject and subordinate to the terms, covenants, and conditions of the Trust Agreement and Other Financing Documents made by Authority authorizing the issuance of Bonds, Subordinated Indebtedness or Other Indebtedness by the Authority. Conflicts between this Resolution and the documents mentioned above will be resolved in favor of such documents.
- B. The Authority shall notify the Air Carriers in advance of any proposed amendments or supplements to the Trust Agreement and Other Financing Documents that would alter the terms and provisions of this Resolution or materially impact the levels of Airline Fees and Charges paid by the Air Carriers.
- C. With respect to Bonds, Subordinated Indebtedness and Other Indebtedness that may be issued in the future, the interest on which is intended to be excludable from gross income of the holders of such Bonds, Subordinated Indebtedness and Other Indebtedness for Federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "**Code**") (collectively, "**Tax-Exempt Indebtedness**"), no Air Carrier may act, or fail to act (and will immediately cease and desist from any action, or failure to act), with respect to the use of the Airline Premises, if the act or failure to act may cause, in the sole judgment of the Authority, the Authority to be in noncompliance with the provisions of the Code, nor may any Air Carrier take, or persist in, any action or omission which may cause the interest on the Tax-Exempt Indebtedness either (i) not to be excludable from the gross income of the holders thereof for Federal income tax purposes; or (ii) to the extent such obligations were issued as exempt from the alternative minimum tax (the "**AMT**"), to become subject to the AMT for Federal income tax purposes, and no Air Carrier may elect to take depreciation on any portion of the Airline Premises financed with the proceeds of such Tax-Exempt Indebtedness.

ARTICLE 17
NON-EXCLUSIVE RIGHTS

Notwithstanding anything herein contained that may be, or appear to be, to the contrary, it is expressly understood and agreed that the rights granted under this Resolution are non-exclusive and the Authority herein reserves the right to grant similar privileges to others, including but not limited to other tenants or occupants on other parts of the Airport.

ARTICLE 18
RULES AND REGULATIONS: COMPLIANCE WITH LAWS

18.1 Rules and Regulations.

Each Air Carrier operating at the Airport must observe and obey (and require its Airline Parties to observe and obey and exercise diligent efforts to require its passengers, guests, invitees, and those doing business with such Air Carrier to observe and obey) the Rules and Regulations, as they may from time to time be promulgated or amended for reasons of safety, health, sanitation, and good order; provided, however, that such Rules and Regulations shall not be inconsistent with this Resolution or be inconsistent with the rules and regulations of any Federal agency having jurisdiction with respect to Air Carriers or their operations. The obligation of an Air Carrier to use its diligent efforts to require such observance and obedience on the part of its passengers, guests, invitees, and business visitors shall apply only while such persons are in the Terminal Complex. In the event of any conflict between requirements of Applicable Laws and the Rules and Regulations, the more restrictive requirement shall apply, as long as compliance with a more restrictive Rule or Regulation does not violate a requirement of any Applicable Law.

18.2 Observance and Compliance with Laws.

Each Air Carrier operating at the Airport must, in connection with its operations, observe and comply with, and pay all taxes and obtain all licenses, permits, certificates, and other authorizations required by, all Applicable Laws, including, but not limited to, all rules, regulations, and directives of the FAA or the TSA, as applicable to such Air Carrier, as such requirements may be amended or interpreted by the FAA from time to time; provided, however, that nothing herein shall be construed to limit or diminish the right of an Air Carrier, at its own cost, risk, and expense, to contest, by appropriate judicial or administrative proceeding, the applicability or the legal or constitutional validity of any such Applicable Law.

ARTICLE 19
GOVERNMENT INCLUSION

19.1 Subordination to Federal Agreements.

This Resolution will be subject and subordinate to all the terms and conditions of any instruments and documents under which the Authority acquired the land or improvements thereon constituting the Airport. This Resolution shall be subject and subordinate to the provisions of any existing or future agreements between the Authority and the United States of America, or any of its agencies, relative to the operation and maintenance of the Airport, the terms and execution of which have been, or may be, required as a condition precedent to the expenditure or reimbursement to the Authority of federal funds for the development of the Airport, and to any terms or conditions imposed upon the Airport by any other governmental entity ("**Grant Assurances**"). In the event that this Resolution, either on its own terms or by any other reason, conflicts with or violates any such Grant Assurances, the Authority has the right to amend, alter, or otherwise modify the terms of this Resolution in order to resolve such conflict or violation.

19.2 Federal Government's Emergency Clause.

All provisions of this Resolution shall be subordinate to the rights of the United States of America to operate the Airport or any part thereof during time of war or national emergency. Such rights shall supersede any provisions of this Resolution inconsistent with the operations of the Airport by the United States of America.

19.3 Security.

Each Air Carrier and its Airline Parties must comply with (i) the provisions of the Authority's TSA-approved airport security plan for the Airport as from time to time existing, and (ii) applicable regulations of the TSA, as from time to time existing. If an Air Carrier or any of its Airline Parties shall fail or refuse to comply with said measures and such non-compliance results in a monetary penalty being assessed against the Authority, then, in addition to any other terms of this Resolution, such Air Carrier shall be responsible and shall reimburse the Authority in the full amount of any such monetary penalty or other damages; provided, however, that such Air Carrier may protest the assessment of any such penalty or other damages as long as the Authority is reimbursed for the full amount of any payments made by the Authority.

ARTICLE 20
NON-DISCRIMINATION

- A. The provisions of this Article 20 apply to all activities undertaken by an Air Carrier at the Airport. Failure to comply with the terms of these provisions may be sufficient grounds to:
1. Terminate any agreement between an Air Carrier and the Authority;
 2. Seek suspension/debarment of an Air Carrier; or
 3. Take any other action determined to be appropriate by Authority or the FAA.
- B. Civil Rights. Each Air Carrier shall, in connection with its operations at, to and from the Airport, observe and comply with those requirements of the FAA set forth in **Exhibit A**, as such requirements may be amended or interpreted by the FAA or the United States Department of Transportation from time to time.

Each Air Carrier must comply with pertinent statutes, Executive Orders and such rules as are promulgated to ensure that no person shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance. If an Air Carrier transfers its obligation to another, the transferee is obligated in the same manner as the Air Carrier.

This provision is in addition to that required of Title VI of the Civil Rights Act of 1964.

ARTICLE 21
ENVIRONMENTAL

21.1 General Conditions.

For the privilege of and as a condition to conducting its Air Transportation Business at the Airport, to the maximum extent permitted by State law, each Air Carrier must comply, and cause all of its Airline Parties to comply, with all applicable Environmental Laws, the provisions of this Article 21, and the Rules and Regulations in connection with its use and occupancy of its Airline Premises, if any, and any portion of the Airport. In the event of any noncompliance with applicable Environmental Laws or Rules and Regulations by an Air Carrier or any of its Airline Parties at the Airport, such Air Carrier must take prompt and

appropriate action to address the conditions causing the noncompliance and return to full compliance. In the event of any conflict between requirements of applicable Environmental Laws and the Rules and Regulations, the more restrictive requirement shall apply; provided, however, as long as compliance with a more restrictive Rule or Regulation does not violate a requirement of any Environmental Law.

Notwithstanding any other provisions of this Resolution, and in addition to any and all other requirements of this Resolution, each Air Carrier operating at the Airport must comply with the following:

- A. Air Carrier must comply with all applicable Environmental Laws that apply to such Air Carrier's facilities or operations at the Airport. Such Environmental Laws change from time to time, and each Air Carrier is obligated to keep informed of any such future changes.
- B. In addition to any indemnification requirements set forth elsewhere in this Resolution, as a condition of conducting its Air Transportation Business at the Airport, to the maximum extent permitted by State law, each Air Carrier will indemnify and defend and hold harmless the Authority and all other Indemnified Parties from all costs, claims, demands, actions, liabilities, complaints, fines, citations, violations, or notices of violation arising from or attributable to: (i) any violation by Air Carrier of such applicable Environmental Laws and for any non-compliance by Air Carrier with any permits issued to Air Carrier pursuant to such Environmental Laws, (ii) a presence or release of Hazardous Substances into the environment caused in whole or in part by such Air Carrier or any of its Airline Parties at the Airport, or the subsurface, waters, air, or ground thereof, in excess of levels allowable by Environmental Laws, or the violation of any Environmental Laws due to such Air Carrier's or its Airline Parties' management, control, authorization, handling, possession, or use of Hazardous Substances at the Airport; (iii) any breach by such Air Carrier of any of the requirements of this Article 21; (iv) such Air Carrier's failure to remediate Hazardous Substances as required by this Resolution; which indemnity will include, but not be limited to, enforcement actions to assess, abate, remediate, undertake corrective measures, and monitor environmental conditions and for any monetary penalties, costs, expenses, or damages, including natural resource damages, imposed against an Air Carrier or its Airline Parties or against the Authority by reason of an Air Carrier's or its Airline Parties' violation or non-compliance with Environmental Laws. Each Air Carrier's obligations hereunder will survive the termination of Air Carrier's operations at the

Airport, and will not be affected in any way by the amount of or the absence in any case of covering insurance or by the failure or refusal of any insurance carrier to perform any obligation on its part under insurance policies affecting the Airport or any part thereof, except that, in the event that Authority recovers funds from insurance carriers in connection with claims associated with (i), (ii), (iii) or (iv) above, the Authority may not recover the same funds from an Air Carrier; and provided, further, that the foregoing indemnity obligations are subject to the provisions of paragraphs (C) and (D) of Article 12 to the extent applicable.

- C. Each Air Carrier must cooperate with any investigation, audit, or inquiry by the Authority or any Governmental Authority regarding a possible violation of any Environmental Law upon the Airport.
- D. All remedies of the Authority as provided herein with regard to violation of any Environmental Laws will be deemed cumulative in nature and will survive termination of an Air Carrier's operations at the Airport.
- E. Each Air Carrier must provide any notice of violation, notice of non-compliance, or other enforcement action of the nature described herein to Authority within 24 hours of receipt by an Air Carrier or such Air Carrier's agent. In the event the Authority receives a notice of violation, notice of non-compliance, or other enforcement action of the nature described herein, it will promptly provide that notice to the impacted Air Carrier(s). Any violation or notice of violation or non-compliance with Environmental Law must be rectified by an Air Carrier within thirty (30) days after notice thereof or, if such violation or non-compliance cannot be rectified within such period, the Air Carrier must begin remediating such violation or non-compliance within such thirty (30) day period and continuously and diligently complete such remediation.

21.2 Environmental Considerations.

- A. Each Air Carrier operating at the Airport will establish and maintain standard industry controls, procedures and mechanisms designed to prevent or respond to a discharge or spill of any Hazardous Substance by such Air Carrier and any of its Airline Parties into any component of the storm drainage system or onto any paved or unpaved area within the boundaries of the Airport. In addition, no such Air Carrier or its Airline Parties may discharge or spill any Hazardous Substance into any component of the sanitary sewer system without first neutralizing or treating same as required by applicable Environmental Laws, in a manner satisfactory to

the Authority and other Governmental Authorities having jurisdiction over or responsibility for the prevention of pollution of canals, streams, rivers, bays, and other bodies of water.

- B. If an Air Carrier is deemed to be a generator of hazardous waste, as defined by applicable Environmental Laws, such Air Carrier must obtain a generator identification number from the U. S. EPA and comply with all applicable Environmental Laws, including but not limited to, ensuring that the transportation, storage, handling, and disposal of such hazardous wastes are conducted in full compliance with Applicable Laws.
- C. Each Air Carrier must provide the Authority, within ten (10) days after the Authority's request, copies of then-current hazardous waste permit application documentation, permits, monitoring reports, transportation, responses, storage and disposal plans, safety data sheets and waste disposal manifests required by applicable Environmental Laws to be maintained which have been prepared or issued in connection with such Air Carrier's use of the Airport.
- D. At or before the termination of its operations at the Airport, each Air Carrier must dispose of all solid and hazardous wastes and containers in compliance with all applicable Environmental Laws. Upon the Authority's request, copies of all waste manifests required to be retained under applicable Environmental Laws must be provided an Air Carrier to the Authority at least thirty (30) days prior to the conclusion of such Air Carrier's operations at the Airport.

21.3 Prior Environmental Impacts.

Nothing in this Article will be construed to make an Air Carrier liable in any way for any environmental impacts or release of Hazardous Substances affecting the Airport that occurred prior to an Air Carrier's entry upon the Airport or that occurred solely as a result of the actions of Authority or any of its employees, agents, or contractors.

21.4 Off-Site Environmental Impacts.

Nothing in this Article will be construed to make an Air Carrier liable in any way for any environmental impacts or releases of Hazardous Substances affecting the Airport that occur by reason of the migration or flow onto or into the Airport from verifiable or documented off-site environmental impact that is not attributable to an Air Carrier's activities.

21.5 Petroleum Storage Systems.

- A. Each Air Carrier, at its expense, must at all times comply with all Environmental Laws, including but not limited to, the requirements of the Federal Oil Pollution Prevention regulation found in Title 40 of the Code of Federal Regulations Part 112 (40 CFR Part 112), as well as the requirements of the Environmental Planning Commission, as they may be amended or replaced, pertaining to petroleum storage tank and piping system construction, operation, inspection, and compliance monitoring programs; release detection methods and procedures; maintenance; and preventative maintenance programs. Each Air Carrier that owns or operates any such system or tank at the Airport will be responsible for all spillage, overflow, or escape of gases, petroleum or petroleum products, and for all fines and penalties in connection therewith. All petroleum storage systems owned or operated by an Air Carrier at the Airport must be registered by such Air Carrier, and the Air Carrier must display the registration placard as required by Applicable Laws.
- B. Each Air Carrier must train its employees and employees of fuel suppliers regarding proper fuel delivery and dispensing procedures with an emphasis on safety as well as on spill prevention and response. All fuel delivered to or dispensed from fuel farm facilities at the Airport on behalf of an Air Carrier must be attended by a person who has completed an FAA-approved aircraft fueling training program. Each Air Carrier must comply with all requirements of 40 CFR Part 112, as they may be revised or amended. Each Air Carrier must strictly comply with safety and fire prevention ordinances of the City of Tampa and Hillsborough County and all applicable safety regulations at the Airport that may be adopted by Authority. Each Air Carrier must provide adequate fire extinguishers and must establish a fuel dispensing operations manual for its employees and employees of fuel suppliers and submit a copy to the Authority.

Each Air Carrier must cooperate closely with the Authority to ensure compliance with any applicable stormwater discharge permit terms and conditions, as well as to ensure safety and to minimize the cost of compliance. Each Air Carrier will undertake actions to minimize the exposure of stormwater to “significant materials” (as such term may be defined by applicable stormwater rules and regulations) generated, stored, handled, or otherwise used by such Air Carrier by implementing and maintaining best management practices (“**BMPs**”), as such term may be defined in applicable stormwater rules and regulations. Each Air Carrier must establish a BMP plan for such Air Carrier’s operations and operational area at the Airport and submit a copy to the Authority.
- B. Each Air Carrier is responsible for being knowledgeable regarding any stormwater discharge permit requirements applicable to such Air Carrier and with which such Air Carrier will be obligated to comply. Each Air Carrier must submit a Notice of Intent to the FDEP, with a copy to the Authority. Each Air Carrier is required to comply with the following requirements including but not limited to: certification of non-stormwater discharges; preparation of a Stormwater Pollution Prevention Plan or similar plans; implementation of BMPs; and maintenance and submittal of necessary records. In complying with such requirements, an Air Carrier must observe applicable deadlines set by the regulatory agency that has jurisdiction over the permit. Each Air Carrier must undertake, as its sole expense, those stormwater permit requirements for which it has received written notice from the regulatory agency, and such Air Carrier will hold harmless and indemnify the Authority for any violations or non-compliance with any such permit requirements.

21.7 Environmental Impacts by an Air Carrier.

- A. If the results of an assessment of an Air Carrier’s operations at the Airport indicate that the Air Carrier has released Hazardous Substances, such Air Carrier must immediately undertake such steps to remedy and/or remove any Hazardous

Substances and any other environmental contamination that arises out of such Air Carrier's use of the Airport consistent with applicable Environmental Laws. Any such remediation shall be in accordance with Environmental Laws and shall restore the affected property to a condition protective of human health and the environment without reliance on unduly burdensome or costly engineering or administrative controls or restrictions on activity or use of the property. Such work shall be performed at such Air Carrier's expense. The Authority reserves the right to review and inspect all such work at any time using consultants and representatives of its choice at such Air Carrier's cost and expense.

- B. During the period of a cleanup due to the environmental condition of the Airport, an Air Carrier's obligations, including the payment of Airline Fees and Charges, will continue in full force and effect, in addition to any other damages for which such Air Carrier may be liable.
- C. The firm conducting any cleanup work must be approved by the Authority, and the methodology used by such firm must be consistent with engineering practices and methods required by a Governmental Authority and must be acceptable to the Authority.

ARTICLE 22

ARTICLE 26

Upon cessation of service to the Airport, each Air Carrier must remove, obliterate or paint out, as the Authority may direct, any and all of its signs and advertising at the Airport, including common use areas and, in connection therewith, such Air Carrier must restore the portion of the Airport affected by such signs or advertising to substantially the same condition as existed at the commencement of such Air Carrier's operations at the Airport, normal wear and tear excepted. In the event of failure on the part of an Air Carrier to remove, obliterate, or paint out each and every sign or advertising and restore the Airport, as herein provided, the Authority may perform the necessary work, at the expense of such Air Carrier, plus an Administrative Charge.

ARTICLE 27
RIGHT TO AMEND

This Resolution may be amended by the Board of the Authority in its sole discretion; provided, however, that no amendment affecting an Air Carrier operating at the Airport shall be effective with respect to such Air Carrier until such Air Carrier has been provided with not less than ninety (90) days' prior written notice of such amendment and an ability to comment on and review such amendment, unless such amendment is required by a Governmental Authority or by Applicable Law.

ARTICLE 28

Further, if for any reason service of such process is not possible, and an Air Carrier does not have a duly noted resident agent for service of process, as an alternative method of service of process, such Air Carrier may be personally served with such process out of this State, by the registered mailing of such complaint and process to such Air Carrier and such service will constitute valid service upon such Air Carrier as of the date of mailing and the Air Carrier will have thirty (30) days from date of mailing to respond thereto. Any Air Carrier, by operating at the Airport, agrees to the process so served, submits to the jurisdiction of the court and waives any and all obligation and protest thereto, any laws to the contrary notwithstanding.

The term claim also includes other matters in question between the Authority and an Air Carrier arising out of or relating to this Resolution. The responsibility to substantiate claims will rest with the party making the claim.

- B. If for any reason an Air Carrier deems that the Authority's rate setting methodology is unjustly discriminatory, or that the Authority is not in compliance with this Resolution or its other obligations, the Air Carrier shall notify the Authority in writing of its assertion (such assertions hereinafter referred to as, a "**Claim**"). The Air Carrier and the Authority must maintain, and keep, strict accounting of documents or evidence associated with the Claim. The failure to give proper notification to Authority as required herein will constitute a waiver of any Claim.
- C. An Air Carrier must provide written notice to the Authority of a Claim within ninety (90) days after the Air Carrier first recognizes the condition giving rise to the Claim. The failure to give the Authority written notice of such Claim within such period as required herein will constitute a waiver of any Claim.

Air Carrier and Authority Personnel Meeting ("**Personnel Meeting**"): Within five days (5) after a Claim is filed with the Authority, an employee of the Air Carrier with authority to resolve the Claim shall meet with the Authority's representative with authority to resolve the Claim in a good faith attempt to resolve the Claim. If a party intends to be accompanied at a meeting by legal counsel, the other party shall be given at least three (3) working days' notice of such and also may be accompanied by legal counsel. All negotiations pursuant to this clause shall be deemed confidential and shall be treated as compromise and settlement negotiations for purposes of rules of evidence.
 2. Management Representatives' Meeting: If the Personnel Meeting fails to resolve the Claim, a senior executive for each of the Air Carrier and the

Authority shall meet, within ten (10) days after a Claim is filed with the Authority, to attempt to resolve the Claim and any other identified disputes or any unresolved issues that may lead to Claims. If a party intends to be accompanied at a meeting by legal counsel, the other party shall be given at least three (3) working days' notice of such and also may be accompanied by legal counsel. All negotiations pursuant to this clause are confidential and shall be treated as compromise and settlement negotiations for purposes of rules of evidence.

3. Following the Personnel Meeting and the Management Representatives' Meeting, the CEO will review the Air Carrier's Claim and may (1) request additional information from the Air Carrier which Air Carrier shall promptly provide to the Authority, or (2) render a decision on all or part of the Claim. The CEO will notify the Air Carrier in writing of the disposition of the Claim within twenty-one (21) days following the receipt of such Claim or receipt of any additional information requested.

B. Should the Authority and the Air Carrier not reach an agreement during the Management Representatives' Meeting, and the Air Carrier rejects the Authority's written disposition of the Claim, the Authority and the Air Carrier will seek in good faith to settle the dispute through a non-binding mediation. Mediation with a mediator approved by the Authority and such Air Carrier shall be a condition precedent to litigation or any further administrative process. Any such mediation will be subject to Rule 1.700 et seq., Florida Rules of Civil Procedure and Chapter 44, Fla. Statutes.

ARTICLE 34

NO WAIVER

No waiver by the Authority at any time of any of the terms, conditions, or obligations of an Air Carrier under this Resolution, or non-compliance therewith, will be deemed or taken as a waiver at any time thereafter of the same or any other term, condition, or obligation herein contained, nor of the strict and prompt performance thereof by an Air Carrier. No delay, failure, or omission of the Authority to exercise any right, power, privilege, or option arising from any default, nor subsequent acceptance of fees or charges then or thereafter accrued, will impair any such right, power, privilege, or option, or be construed to be a waiver of any such default. 5.02 Exclusions and Reservations.

- A. Nothing in this Article will be construed as authorizing the Airline to conduct any business on the Airline Premises or elsewhere at the Airport separate and apart from the conduct of its permitted uses as authorized in this Agreement.
- B. The Airline will not interfere or permit interference with the use, operation, or maintenance of Airport, including but not limited to, the effectiveness or accessibility of the drainage, sewerage, water, communications, fire protection, utility, electric, or other systems installed or located at the Airport.
- C. The rights and privileges granted to the Airline pursuant to this Article will be subject to the Authority Rules and Regulations, as they may be amended from time to time.
- D. The Airline will not do or permit to be done anything, either by act or failure to act, that will cause the cancellation or violation of the provisions, or any part thereof, of any policy of insurance of the Authority, or that will cause a hazardous condition so as to increase the risks normally attendant upon operations permitted by this Agreement. If such act or failure to act on the part of the Airline will cause cancellation of any such policy, the Airline will immediately, upon notification by the Authority, take whatever steps or actions deemed necessary to cause reinstatement of said insurance. Furthermore, if the Airline does or permits to be done any act not expressly permitted under this Agreement, or fails to do any act required under this Agreement, regardless of whether such act constitutes a breach of this Agreement, that causes an increase in the Authority's insurance premiums, the Airline will immediately remedy such actions and pay the increase in premiums, upon notice from the Authority to do so; but in any event, the Airline will hold the Authority harmless for any expenses and damage resulting from any action as set forth in this paragraph.
- E. Except as provided elsewhere in this Agreement, nothing in this Agreement will be construed as establishing exclusive rights, operational or otherwise, to the Airline.
- F. Any and all rights and privileges not specifically granted to the Airline for its use of and operations at the Airport pursuant to this Agreement are hereby reserved for and to Authority.
- G. Other than those areas used for the purpose of egress and ingress, all operations will be conducted on the Airline Premises.

5.03 Gate Use.

- A. Policy of Open Access. The Authority intends to maintain a policy of providing open access to the Airport for Air Carriers and other aeronautical users of the Airport and achieving balanced utilization of Airport facilities. In furtherance of that policy and its stated goals, (a) the Authority shall have control and possession of a minimum number of Per Use Gates, which may vary at the discretion of the Authority from time to time, (b) the Authority reserves the right to require sharing and temporary use of Airline's Gates and Related Terminal Area, in accordance with this Section 5.03, and (c) the Authority reserves the right to recapture for common use Airline's underutilized Gates and Related Terminal Area, also in accordance with this Section 5.03.
- B. Accommodation at Preferential Use Premises.
1. If an Air Carrier, including any Air Carrier seeking to expand its service or an Air Carrier seeking entry into the Airport ("**Requesting Air Carrier**"), is in need of space or facilities at the Airport which cannot be met by use of then unleased premises in proximate location to its existing Airline Premises, if any, the Authority shall, upon receipt of a written notification by the Requesting Air Carrier that provides details concerning the intended additional air service, assess the request and, if the CEO determines that such Requesting Air Carrier needs the requested space or facilities to accommodate passengers or aircraft, then, subject to the provisions below, the CEO may grant such Requesting Air Carrier the right of temporary or shared use of all or a designated portion of the Airline's Preferential Use Premises, including the use of related Loading Bridges and Related Terminal Areas as may be required.
 2. If a Requesting Air Carrier only requires use of space or facilities on a temporary basis or for limited service, the CEO may, in accordance with this Section 5.03, assign to a Requesting Air Carrier the right to use or occupy a portion of the Airline's Preferential Use Premises, but only for those periods of time such Preferential Use Premises are not scheduled for use by the Airline.
 3. In the event the CEO determines that a Requesting Air Carrier's needs require granting such Requesting Air Carrier the right to share the Preferential Use Premises of one or more Signatory Airlines other than as provided in subparagraph (2) above, the CEO shall serve written notice to the affected Signatory Airlines of that determination and notice of the Authority's intention to make a further determination, in not less than seven (7) days, as to how the Requesting Air Carrier

will be accommodated. A Requesting Air Carrier must agree to abide by all applicable Authority Rules and Regulations, including those related to Gate use and assignment.

4. In accordance with the conditions set forth in Section 5.03(B), the Authority may grant the Requesting Air Carrier the right of shared or temporary use of all or a designated portion of the Airline's Preferential Use Premises, as well as rights of ingress and egress, the right to use the aircraft parking positions that are appurtenant thereto, and the right to use related Loading Bridges and other appurtenant equipment which are necessary for the effective use of such Preferential Use Premises.
5. The Requesting Air Carrier shall pay to the Authority a Per Use Gate Fee for each such use of such Preferential Use Premises. In no event shall Requesting Air Carrier be required, pursuant to the terms and conditions of this Section 5.03(B), to make any payment to the Airline for use of the Airline's Preferential Use Premises.
6. The Airline agrees to abide by all applicable Authority Rules and Regulations, including those concerning Gate use and assignment, and further agrees to make reasonable efforts to facilitate the temporary or shared accommodation of the Requesting Air Carrier's scheduled operations, including the use of assigned passenger Loading Bridges and other portions of the Preferential Use Premises as may be reasonably necessary to accommodate the Requesting Air Carrier on an on-going basis.
7. In the event that, pursuant to subsections (2) or (3), above, the CEO determines that a Requesting Air Carrier is in need of facilities to accommodate passengers or aircraft, the CEO will consider the following factors in designating the specific Gate or Gates for temporary or shared use by the Requesting Air Carrier:
 - (a) the average number of flight arrivals and departures per aircraft parking position per day;
 - (b) flight scheduling considerations;
 - (c) aircraft parking position locations; and
 - (d) other operational considerations.

8. In the event the Airline is required to share its Preferential Use Premises, the Airline shall be given priority in all aspects of usage of such shared Preferential Use Premises, including for any schedule changes or irregular operations, over all other Air Carriers, including the Requesting Air Carrier.
9. Notwithstanding the foregoing, the Authority may, by adoption of Authority Rules and Regulations, establish priorities for use of Preferential Use Premises during periods of irregular operations as long as such irregular operations do not unreasonably interfere with the Airline's operations at the Preferential Use Premises.
10. The Airline acknowledges and agrees that in order to efficiently effectuate the orderly use of its Preferential Use Premises, as detailed above, it may be necessary to employ the use of Common Use Passenger Processing Systems ("**CUPPS**") at the Airline's Gates and/or ticket counters. To this end, the Airline acknowledges and agrees that the Authority has the right to replace the Airline's equipment with CUPPS at Airline's Gates and/or ticket counters upon no less than forty-five (45) days' notice to Airline.

C. Reassignment of Airline Premises.

1. Authority's Right to Reassign Airline Premises. The Authority may reassign to another Air Carrier one or more of the Airline's Gates and Related Terminal Area assigned as Airline Premises if: (i) the Airline's Gate Utilization (as defined below) for such preferentially assigned Gate(s) over the most recent one hundred eighty (180) day period is less than the Utilization Threshold (as defined below); (ii) the CEO determines that there is a reasonable need for the preferential use of such Gate(s) by another Air Carrier; and (iii) such other Air Carrier meets or exceeds the Utilization Threshold through its current or proposed schedule. In addition, the Authority may recover one or more of the Airline's Gates and Related Terminal Area assigned as Airline Premises to be used as Per Use Gates if: (a) the Airline's Gate Utilization for such preferentially assigned Gate(s) over the most recent one hundred eighty (180) day period is less than the Utilization Threshold; and (b) the CEO determines that there is a reasonable need for use of such Gate(s) on a common use basis. Upon such determination, the CEO will provide the Airline with a written notice ("**Initial Recapture Notice**") of the Authority's intent to recapture such Gate(s). Prior to such reassignment becoming effective, the Airline shall have a one hundred twenty (120) calendar day period after the date of the Initial Recapture Notice to adjust its schedule to equal or exceed the Utilization

Threshold so as not to be subject to such reassignment. If the Airline's Gate Utilization does not meet or exceed the Utilization Threshold within one hundred twenty (120) days after the Initial Recapture Notice, the CEO will send the Airline a written notice (the "**Final Recapture Notice**") terminating the Airline's lease of the portion of its Airline Premises subject to reassignment as of the date specified in the Final Recapture Notice. When determining specific Airline Premises subject to reassignment, the Authority will use reasonable efforts to not reassign facilities that will disrupt the continuity and staffing of the Airline's operations. The number of Gates within the Airline Premises subject to reassignment by the Authority will be the lesser of: (1) the requirement of the Requesting Air Carrier, and (2) the difference between the number of Gates then leased to such Signatory Airline or reasonably required as Per Use Gates and the number of Gates which would have caused the Airline's Gate Utilization for the Airline Premises, measured for the last one hundred eighty (180) days prior to the delivery of the Final Recapture Notice, to meet or exceed one hundred percent (100%) of the Airport Utilization Threshold for such period.

2. Any reassigned portion of the Airline Premises will consist of the applicable Gate(s) and any Related Terminal Area. In the case of the reassignment of less than all of the Gates within Airline's Airline Premises, the Authority shall designate which Gate(s) shall be subject to such reassignment after consulting with the Airline. Unless the CEO determines, in his or her sole discretion, that reassignment of such Airline Premises is necessary for the proper functioning of the Airport, in which case the cost of relocating the Airline shall be a cost of the Airport recovered from all Air Carriers as part of Rents, the Signatory Airline(s) that will occupy such reassigned Gate(s) and Related Terminal Area shall pay the costs of relocating the Signatory Airline whose Gate(s) are so reassigned.

3. Definitions. For the purposes of this Section 5.03(C), the following terms shall have the following meanings:

The "**Utilization Threshold**" shall be an average of five (5) Turns per Gate per day; provided, however, that for Fiscal Year 2021, the Utilization Threshold shall be three (3) Turns per Gate; and provided, further, that, after consultation with the Signatory Airlines, the CEO may adjust such Utilization Threshold with no less than sixty (60) days' notice to reflect then-current operations, Gate utilization and availability of Gates at the Airport.

“Airline’s Gate Utilization” shall be the average of the Airline’s and its Affiliates’ daily Turns per Gate (taking into account all Gates located at the Airline Premises other than any Gates subleased to another Air Carrier) and shall include the Airline’s flights and flights of any Affiliate operating at the Airline Premises on behalf of the Airline, but shall not include any operations by subtenants or operations by Air Carriers pursuant to Operating Agreements for Ground Handlers (other than those of Affiliates operating at the Airline Premises).

7.03 Employee Parking Fees. Employee parking permits are required for the Employee Parking Lot and may be required for Airline's leased or common use operational areas. Information regarding employee parking permits is available from Authority's Parking Permit Office at (813) 870-8792. Event Management Expenses	\$5,000,000

Such Cyber Liability coverage must be provided on an Occurrence Form or, if on a Claims Made Form, the retroactive date must be no later than the first date of services provided. If coverage is canceled or non-renewed, and not replaced with another claims-made policy

form with a Retroactive Date prior to the Effective Date, the Airline must purchase “extended reporting” coverage, which will provide coverage to respond to claims for a minimum of three years after completion of services completed during the Term of this Agreement.

The Cyber Liability Insurance coverage may be subject to a deductible or self-insured retention.

- 17.03 Waiver of Subrogation. The Airline, for itself and on behalf of its insurers, to the fullest extent permitted by Applicable Laws without voiding the insurance required by this Agreement, waives all rights against the Authority and any Indemnified Party for damages or loss to the extent covered and paid for by any insurance maintained by the Airline.
- 17.04 Conditions of Acceptance. The insurance maintained by the Airline must conform at all times with the Authority’s Standard Procedure S250.06, Contractual Insurance Terms and Conditions, in effect as of the date of this Agreement and as such Standard Procedure may be amended from time to time, and is posted on the Authority website at www.TampaAirport.com > Learn about TPA > Airport Business > Procurement > Supplier Resources.

ARTICLE 18

SECURITY FOR PAYMENT

- 18.01 Payment Security Requirements.
- A. Unless the Airline has maintained an agreement similar to this Agreement with the Authority during the eighteen (18) months prior to the Effective Date without the occurrence of any failure to pay within sixty (60) days or more of the due date under such prior agreement, the Airline will provide the Authority on or before the Effective Date with acceptable Payment Security. The Airline will be obligated to maintain such Payment Security in effect until the expiration of eighteen (18) consecutive months during which the Airline commits no default under this Agreement. Such Payment Security will be in a form and with a company acceptable to the Authority and licensed to do business in the State. In the event that any such Payment Security is for a period less than the full period required under this Agreement or if such Payment Security is canceled, the Airline will provide a renewal or replacement Payment Security for the remaining required period at least sixty (60) days prior to the date of such expiration or cancellation. Such Payment Security will require notice by the surety to Authority at least sixty (60) days prior to any cancellation. If such renewal or replacement Payment Security is not provided within thirty days prior to

cancellation, the Authority may draw upon such Payment Security and hold such funds as Payment Security hereunder.

- B. In the event the Authority is required to draw down or collect against the Airline's Payment Security for any reason, the Airline will, within fifteen (15) days after such draw down or collection, take such action as is necessary to replenish the existing Payment Security to an amount equal to three (3) months' estimated Rents or provide additional or supplemental Payment Security from another source so that the aggregate of all Payment Security is equal to three (3) months' estimated Rents payable by the Airline pursuant to this Agreement.
- C. In addition to the foregoing, upon the occurrence of any act or omission by the Airline that would constitute an Event of Default under this Agreement, or upon the Airline's election to assume this Agreement under Federal Bankruptcy Rules and Regulations, as such may be amended, supplemented, or replaced, the Authority, by written notice to the Airline given at any time within ninety (90) days of the date such event becomes known to the Authority, may impose or re-impose the requirements of this Article upon the Airline. In such event, the Airline will provide the Authority with the required Payment Security within fifteen (15) days from its receipt of such written notice and will thereafter maintain such Payment Security in effect until the expiration of a period of eighteen (18) consecutive months during which the Airline commits no additional act or omission that would constitute a default under in this Agreement or the termination of bankruptcy proceedings, whichever is later.
- D. If the Airline fails to obtain and keep in force the Payment Security required hereunder, such failure will be grounds for immediate termination of this Agreement. The Authority's rights under this Article will be in addition to all other rights and remedies provided to the Authority under this Agreement.

18.02 Satisfactory Performance. Subject to the provisions of the Payment Security Requirements Section above, the Payment Security will be returned within ninety (90) days following the expiration of the Term of this Agreement, subject to the satisfactory performance by the Airline of all terms, conditions, and covenants contained herein.

ARTICLE 19 PROPERTY DAMAGES

19.01 Partial Damage. In the event all or a portion of the Airline Premises is partially damaged by fire, explosion, the elements, a public enemy, Act of God, or other casualty, but not rendered untenable,

the Airline will give the Authority immediate notice thereof, and the Authority will make the repairs promptly, at its own cost and expense.

- 19.02 Extensive Damage. In the event damages as referenced in Section 19.01 are so extensive as to render all or a significant portion of the Airline Premises untenable, but capable of being repaired within 120 days, the Airline will give the Authority immediate notice thereof, and the Authority will make the repairs with due diligence, at its own cost and expense.
- 19.03 Complete Destruction. In the event the Airline Premises are completely destroyed by fire, explosion, the elements, a public enemy, Act of God, or other casualty or are so damaged as to render the entire Airline Premises untenable, and the Airline Premises cannot be repaired within 120 days, the Airline will give the Authority immediate notice thereof, and the Authority will be under no obligation to repair, replace, and reconstruct the Airline Premises. In the event the Authority elects not to repair, replace, and reconstruct the Airline Premises, the Authority will not be required to grant alternative premises and this Agreement and the obligations of the Parties hereunder will terminate.
- 19.04 Abatement of Rents. In the event of extensive damage or complete destruction as referenced in Sections 19.02 and 19.03, the portion of the Rents attributable to untenable Airline Premises will abate from the date of casualty until such time as the Authority issues notice to the Airline that the untenable portion of the Airline Premises can be re-occupied. Notwithstanding the foregoing, in the event the Airline Premises are damaged or destroyed as a result of the act or omission of the Airline, including negligence, the Airline's Rents will not abate, and the Airline will be responsible for all costs to repair or rebuild that portion of the Airline Premises damaged or destroyed as a result of the Airline's act or omission.
- 19.05 Limits of the Authority's Obligations Defined. Redecoration, replacement, and refurbishment of furniture, fixtures, equipment, and supplies will be the responsibility of and paid for by the Airline, and any such redecoration, replacement, and refurbishing or re-equipping will be of equivalent quality to that originally installed hereunder. The Authority will not be responsible to the Airline for any claims related to loss of use, loss of profits, or loss of business resulting from any partial, extensive, or complete destruction of the Airline Premises regardless of cause of damage.
- 19.06 Waiver of Subrogation. To the extent such insurance permits, and then only to the extent collected or collectable by the Airline under its property insurance coverage, the Airline waives any and all claims against the Authority and the Indemnified Parties for loss or damage to property.

ARTICLE 20

COMPLIANCE WITH LAWS, REGULATIONS, ORDINANCES, RULES

The Airline and each of its Airline Parties will at all times comply with all Applicable Laws, including the Resolution. The Airline and each of its Airline Parties will comply at all times with Authority Rules and Regulations.

ARTICLE 21

This Agreement may be subject to approval of the FAA. If the FAA disapproves this Agreement, it will become null and void, and both Parties will bear their own expenses relative to this Agreement, up to the date of disapproval.

ARTICLE 22

ENVIRONMENTAL

22.01 General Conditions. Notwithstanding any other provisions of this Agreement, and in addition to any and all other requirements of this Agreement or any other covenants, representations, or warranties of the Airline, the Airline hereby expressly covenants, warrants, and represents to Authority, in connection with the Airline's operations on its Airline Premises and at the Airport, the following:

- A. Airline is knowledgeable of and agrees to comply with all applicable Environmental Laws that apply to Airline's facilities or operations at its Airline Premises or the Airport. The Airline acknowledges that such Environmental Laws change from time to time, and the Airline agrees to keep informed of any such future changes.
- B. In addition to any and all other requirements of the Airline to indemnify and hold Authority harmless contained in this Agreement, to the maximum extent permitted by State law, the Airline agrees to indemnify and defend and hold harmless the Authority and all other Indemnified Parties from all costs, claims, demands, actions, liabilities, complaints, fines, citations, violations, or notices of violation arising from or attributable to: (i) any violation by the Airline or any of its Airline Parties of such applicable Environmental Laws and for any non-compliance by the Airline or any of its Airline Parties with any permits issued to the Airline pursuant to such Environmental Laws, (ii) a presence or release of Hazardous Substances into the environment caused in whole or in part by the Airline or any of its Airline Parties at its Airline Premises or the Airport, or the subsurface, waters, air, or ground thereof, in excess of levels allowable by Environmental Laws, or the violation of any Environmental Laws due to the Airline's or its Airline Parties' management, control,

authorization, handling, possession, or use of Hazardous Substances at its Airline Premises or elsewhere at the Airport; (iii) any breach by the Airline of any of the requirements of this Article 22; (iv) the Airline's remediation or failure to remediate Hazardous Substances as required by this Agreement; which indemnity will include, but not be limited to, enforcement actions to assess, abate, remediate, undertake corrective measures, and monitor environmental conditions and for any monetary penalties, costs, expenses, or damages, including natural resource damages, imposed against the Airline or its Airline Parties or against the Authority by reason of the Airline's or its Airline Parties' violation or non-compliance with Environmental Laws. The Airline's obligations hereunder will survive the termination of the Term of this Agreement, and will not be affected in any way by the amount of or the absence in any case of covering insurance or by the failure or refusal of any insurance carrier to perform any obligation on its part under insurance policies affecting the Airport or any part thereof, except that, in the event that the Authority recovers funds from insurance carriers in connection with claims associated with (i), (ii), (iii) or (iv) above, the Authority may not recover the same funds from the Airline; and provided, further, that the foregoing indemnity obligations are subject to the provisions of paragraphs (C) and (D) of Article 16 to the extent applicable.

- C. The Airline agrees to cooperate with any investigation, audit, or inquiry by the Authority or any Governmental Authority regarding possible violation of any Environmental Law upon the Airline Premises or elsewhere at the Airport.
- D. The Airline agrees that all remedies of the Authority as provided herein with regard to violation of any Environmental Laws will be deemed cumulative in nature and will survive termination of this Agreement.
- E. The Airline agrees that any notice of violation, notice of non-compliance, or other enforcement action of the nature described herein will be provided to the Authority within twenty-four (24) hours of receipt by the Airline or the Airline's agent. In the event the Authority receives a notice of violation, notice of non-compliance, or other enforcement action of the nature described herein, it will promptly provide that notice to the Airline. Any violation or notice of violation or non-compliance with an Environmental Law that the Airline fails to rectify within the cure period established in the "Default and Termination" Article of this Agreement will be deemed an Event of Default under this Agreement.
- F. In entering this Agreement, the Authority expressly relies on the covenants, representations, and warranties of the Airline as stated herein.

22.02 Environmental Considerations.

- A. The Airline and its Airline Parties will not discharge or spill any Hazardous Substance into any component of the storm drainage system or onto any paved or unpaved area within the boundaries of the Airline Premises. In addition, neither the Airline nor any Airline Party will discharge or spill any Hazardous Substance into any component of the sanitary sewer system without first neutralizing or treating same as required by applicable anti-pollution laws or ordinances, in a manner satisfactory to the Authority and other Governmental Authorities having jurisdiction over or responsibility for the prevention of pollution of canals, streams, rivers, bays, and other bodies of water. The Airline's discharge, spill or introduction of any Hazardous Substance onto the Airline Premises or into any component of the Authority's sanitary or storm drainage systems will, if not remedied by the Airline with all due dispatch, at the sole discretion of the Authority, be deemed an Event of Default and cause for termination of this Agreement by Authority, subject to notice and cure. Such termination will not relieve the Airline of or from liability for such discharge or spill.
- B. If the Airline is deemed to be a generator of hazardous waste, as defined by Applicable Laws, the Airline will obtain a generator identification number from the U.S. EPA and the appropriate generator permit and will comply with all Applicable Laws, including but not limited to, ensuring that the transportation, storage, handling, and disposal of such hazardous wastes are conducted in full compliance with Applicable Laws.
- C. The Airline agrees to provide the Authority, within ten (10) days after the Authority's request, copies of all hazardous waste permit application documentation, permits, monitoring reports, transportation, responses, storage and disposal plans, safety data sheets and waste disposal manifests prepared or issued in connection with the Airline's use of the Airline Premises or operations at the Airport.
- D. At the end of the Term of this Agreement, the Airline will dispose of all solid and hazardous wastes and containers in compliance with all Applicable Laws. Copies of all waste manifests will be provided to the Authority at least thirty (30) days prior to the end of the Term of this Agreement.

22.03 Prior Environmental Impacts. Nothing in this Article will be construed to make the Airline liable in any way for any environmental impacts or release of Hazardous Substances affecting the Airline Premises that occurred prior to the Airline's entry upon the Airline Premises or that occurred as a result of the actions of the Authority or any of its employees, agents, or contractors.

22.04 Off-Site Environmental Impacts. Nothing in this Article will be construed to make the Airline liable in any way for any environmental impacts or release of Hazardous Substances affecting the Airline Premises that occurs by reason of the migration or flow to the Airline Premises from verifiable or documented off-site environmental impacts that is not attributable to the Airline's activities at the Airline Premises.

22.05 Petroleum Storage Systems.

- A. At the Airline's expense, the Airline will at all times comply with all Environmental Laws, including but not limited to, the regulations of the FDEP as stated in Chapters 62-761 and 62-762, FAC, the requirements of the Federal Oil Pollution Prevention regulation found in Title 40 of the Code of Federal Regulations Part 112 (40 CFR Part 112), as well as the requirements of the EPC, as may be amended or replaced, pertaining to petroleum storage tank and piping system construction, operation, inspection, and compliance monitoring programs; release detection methods and procedures; maintenance; and preventative maintenance programs. The Airline will be responsible for all spillage, overflow, or escape of gases, petroleum or petroleum products, and for all fines and penalties in connection therewith. All petroleum storage systems will be registered by the Airline, and the Airline will display the registration placard as required by law.
- B. The Airline will train its employees and employees of fuel suppliers on proper fuel delivery and dispensing procedures with an emphasis on safety as well as on spill prevention and response. All fuel delivered to or dispensed from fuel farm facilities will be attended by a person who has completed an FAA-approved aircraft fueling training program. The Airline will comply with all requirements of 40 CFR Part 112, as may be revised or amended. As a result, the Airline will prepare and implement a Spill Prevention Control and Countermeasure plan as applicable. Notification and response related to the spill or release of petroleum products will be in compliance with FDEP regulations as well as EPC's requirements.
- C. The Airline will strictly comply with safety and fire prevention ordinances of the City of Tampa and Hillsborough County and all applicable safety regulations at the Airline Premises that may be adopted by the Authority. The Airline will provide adequate fire extinguishers and will establish a fuel dispensing operations manual for its employees and submit a copy to the Authority.
- D. The Airline is responsible for all costs and expenses that may be incurred as a result of compliance with this Article.

22.06 Stormwater. Notwithstanding any other provisions or terms of this Agreement, the Airline acknowledges that certain properties within the Airline Premises or on Authority-owned land are subject to stormwater rules and regulations. The Airline agrees to observe and abide by such stormwater rules and regulations as may be applicable to the Airline Premises or the Airport, and, if applicable, the Airline hereby expressly covenants, warrants, and represents to the Authority, in connection with the Airline's operations on the Airline Premises, the following:

- A. The Airline is required to submit a Notice of Intent to use the State of Florida Multi-Sector Generic Permit for Stormwater Discharge Associated with Industrial Activity. The Authority and the Airline both acknowledge that close cooperation is necessary to ensure compliance with any applicable stormwater discharge permit terms and conditions, as well as to ensure safety and to minimize the cost of compliance. The Airline acknowledges further that it may be necessary to undertake actions to minimize the exposure of stormwater to "significant materials" (as such term may be defined by applicable stormwater rules and regulations) generated, stored, handled, or otherwise used by the Airline by implementing and maintaining BMPs. The Airline will establish a BMP plan for the Airline Premises and submit a copy to the Authority.
- B. The Airline will be knowledgeable of any stormwater discharge permit requirements applicable to the Airline and with which the Airline will be obligated to comply. The submittal of a Notice of Intent will be made by the Airline to the FDEP, and a copy will be submitted to the Authority. The Airline is required to comply with the following requirements including, but not limited to, certification of non-stormwater discharges; preparation of a Stormwater Pollution Prevention Plan or similar plans; implementation of BMPs; and maintenance and submittal of necessary records. In complying with such requirements, the Airline will observe applicable deadlines set by the regulatory agency that has jurisdiction over the permit. The Airline agrees to undertake, at its sole expense, those stormwater permit requirements for which it has received written notice from the regulatory agency and that apply to the Airline Premises, and the Airline agrees that it will hold harmless and indemnify the Authority for any violations or non-compliance with any such permit requirements.

22.07 Environmental Inspection at End of Agreement Term.

- A. At the Authority's discretion, at least one hundred and twenty (120) days before the expiration or early termination of the Term as provided herein, the Airline will conduct an environmental inspection and examination of the Airline Premises. At its discretion, the Authority may complete environmental reviews to determine if recognized environmental conditions exist that could warrant soil and groundwater sampling. If warranted by the findings of the Airline or the Authority's inspection or if requested by the Authority, a

compliance audit or site assessment will be performed within the aforementioned time period by a qualified professional acceptable to Authority who will report the findings to the Authority. The cost for professional consulting or engineering services required for such audit will be at the expense of the Airline. If a site assessment is conducted, the Airline agrees to pay all associated laboratory and testing fees incurred to test and analyze samples collected during the site assessment process. The Authority may also choose to conduct the compliance audit or site assessment. If the results of the assessment indicate that the Airline Premises have been impacted by the release of Hazardous Substances, the Airline will immediately take such action as is necessary and will provide a substantial guaranty in a form and content acceptable to the Authority that the Airline will clean up the contamination at its own expense, at no expense to the Authority, and in accordance with Applicable Laws to the extent that it is obligated to do so by virtue of the foregoing provisions of this Article.

- B. During the period of a cleanup due to the environmental condition of the Airline Premises or common use areas, the Airline's obligations, including the payment of Rents, under the existing terms of this Agreement will continue in full force and effect, in addition to any other damages for which the Airline may be liable.
- C. The firm conducting cleanup work must be approved by the Authority, and the methodology used by such firm must be consistent with engineering practices and methods required by Governmental Authority and must be reasonably acceptable to Authority.

ARTICLE 23 REPORTS AND AUDITS

23.01 Authority Right to Perform Audits, Inspections, or Attestation Engagements.

At any time or times during the Term of this Agreement or within three (3) years after the end of this Agreement, Authority, or its duly authorized representative, will be permitted to initiate and perform audits, inspections or attestation engagements over Airline's records for the purpose of substantiating the accuracy of payments to Authority or Airline's compliance with other provisions of this Agreement. Free and unrestricted access will be granted to all of Airline's records directly pertinent to this Agreement for purposes of substantiating payments or compliance. If the records are maintained at locations other than the Airport, Airline will arrange for said records to be brought to a location convenient to Authority auditors to conduct the engagement as set forth in this Article. In the event Airline maintains the needed documentation in electronic format, upon request by Authority auditors, Airline will provide a download or extract of data files in a computer readable format acceptable to Authority at no additional cost. Authority has the right during the engagement

to interview Airline's employees, subconsultants, and subcontractors, and to make photocopies of records as needed. If, as a result of any engagement, it is established that Airline owes additional fees or charges to Authority, Airline will pay such additional fees and charges and Authority may assess interest in accordance with Section 7.04.

Airline agrees to deliver or provide access to all records requested by Authority auditors within seven (7) calendar days of each request. The Parties recognize that Authority will incur additional costs if records requested by Authority auditors are not provided in a timely manner and that the amount of those costs is difficult to determine with certainty. Consequently, the Parties agree that Authority may assess liquidated damages in the amount of one hundred dollars (\$100.00), in addition to all other contractual financial requirements, for each item in a records request, per calendar day, for each time Airline is late in submitting requested records to perform the engagement. Accrual of fee will continue until specific performance is accomplished. The Parties expressly agree that these liquidated damages are not a penalty and represent reasonable estimates of fair compensation for the losses that reasonably may be anticipated from Airline's failure to comply.

ARTICLE 24

AMERICANS WITH DISABILITIES ACT

The Airline will comply with the requirements of the Americans with Disabilities Act; the Florida Americans with Disabilities Accessibility Implementation Act; Florida Building Code, Florida Accessibility Code for Building Construction; and any similar or successor laws, ordinances, rules, standards, codes, guidelines, and regulations and will cooperate with the Authority concerning the same subject matter.

ARTICLE 25

NON-DISCRIMINATION

25.01 These provisions apply to all work performed under this Agreement. Failure to comply with the terms of these provisions may be sufficient grounds to:

- A. Terminate this Agreement;
- B. Seek suspension/debarment of the Airline; or
- C. Take any other action determined to be appropriate by Authority or the FAA.

25.02 Civil Rights – General – 49 USC § 47123. The Airline agrees to observe and comply with those requirements of the FAA set forth in **Exhibit C**, as such requirements may be amended or interpreted by the FAA or the United States Department of Transportation from time to time.

The Airline shall comply with pertinent statutes, Executive Orders and such rules as are promulgated to ensure that no person shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance. If the Airline transfers its obligation to another, the transferee is obligated in the same manner as the Airline.

This provision is in addition to that required of Title VI of the Civil Rights Act of 1964

ARTICLE 26
NON-EXCLUSIVE RIGHTS

Notwithstanding anything herein contained that may be, or appear to be, to the contrary, it is expressly understood and agreed that the rights granted under this Agreement are non-exclusive and the Authority herein reserves the right to grant similar privileges to another lessee or other tenants on other parts of the Airport.

ARTICLE 27
RIGHT TO DEVELOP AIRPORT

It is covenanted and agreed that the Authority reserves the right to further develop or improve the Airport and all landing areas and taxiways as it may see fit, regardless of the desires or views of the Airline or its subcontractors and without interference or hindrance.

ARTICLE 28
RIGHT OF ENTRY

The Authority will have the right to enter the Airline Premises for the purpose of periodic inspection of the Airline Premises from the standpoint of safety and health, and monitoring of the Airline's compliance with the terms of this Agreement; provided, however, that, except in the case of an emergency as determined by the Authority, Authority shall provide Airline with prior notice to the Station Manager (as defined in the Resolution), reasonable under the circumstances (which may be oral), of any entry onto Airline's Airline Premises.

ARTICLE 29
RIGHT OF FLIGHT

The Authority reserves, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the real property owned by the Authority, including the Airline Premises, together with the right to cause in said airspace such noise as may be inherent in the operation of aircraft,

now known or hereafter used, for navigation of or flight in said airspace, and for the use of said airspace for landing on, taking off from or operating on the Airport.

The Airline expressly agrees for itself, its successors and assigns, to restrict the height of structures, objects of natural growth and other obstructions on the Airline Premises to such a height so as to comply with Federal Aviation Regulations, Part 77 and Authority zoning. The Airline further expressly agrees for itself, its successors and assigns, to prevent any use of the Airline Premises or common use areas that would interfere with or adversely affect the operation or maintenance of the Airport, or otherwise constitute an Airport hazard.

ARTICLE 30 GOVERNMENT INCLUSION

- 30.01 Subordination to Federal Agreements. This Agreement is subject and subordinate to all the terms and conditions of any instruments and documents under which the Authority acquired the land or improvements thereon constituting the Airport. This Agreement shall be subject and subordinate to the provisions of any existing or future agreements between the Authority and the United States of America, or any of its agencies, relative to the operation and maintenance of the Airport, the terms and execution of which have been, or may be, required as a condition precedent to the expenditure or reimbursement to the Authority of federal funds for the development of the Airport, and to any terms or conditions imposed upon the Airport by any other governmental entity ("**Grant Assurances**"). In the event that this Agreement, either on its own terms or by any other reason, conflicts with or violates any such Grant Assurances, the Authority has the right to amend, alter, or otherwise modify the terms of this Agreement in order to resolve such conflict or violation.
- 30.02 Federal Government's Emergency Clause. All provisions of this Agreement shall be subordinate to the rights of the United States of America to operate the Airport or any part thereof during time of war or national emergency. Such rights shall supersede any provisions of this Agreement inconsistent with the operations of the Airport by the United States of America.
- 30.03 Security. The Airline and its Airline Parties must comply with (i) the provisions of the Authority's TSA-approved airport security plan for the Airport as from time to time existing, and (ii) applicable regulations of the TSA, as from time to time existing and (iii) security measures required of the Airline or the Authority by the FAA or TSA. If the Airline or any of its Airline Parties shall fail or refuse to comply with said measures and such non-compliance results in a monetary penalty or other damages being assessed against the Authority, then, in addition to any other terms of this Agreement, the Airline shall be responsible and shall reimburse the Authority in the full amount of any such monetary penalty or other damages, plus an Administrative Charge. This amount must be paid by the Airline within ten (10) days of written notice.

ARTICLE 31

SIGNS

- 31.01 Written Approval. Except with the prior written approval of the Authority, which shall not be unreasonably withheld, conditioned, or delayed, the Airline will not erect, maintain, or display any signs or any advertising at or on the Airline Premises or common use areas.
- 31.02 Removal. Upon the expiration or termination of this Agreement, the Airline will remove, obliterate or paint out, as the Authority may direct, any and all signs and advertising on the Airline Premises and common use areas and, in connection therewith, will restore the portion of the Airline Premises and common use areas affected by such signs or advertising to substantially the same conditions as existed at the commencement of the Term. In the event of failure on the part of the Airline to remove, obliterate, or paint out each and every sign or advertising and restore the Airline Premises and common use areas, the Authority may perform the necessary work, at the expense of the Airline, plus an Administrative Charge.

ARTICLE 32

ASSIGNMENT AND SUBLEASING

The Airline will not assign or sublease this Agreement without the prior written consent of the Authority. Such consent may be withheld at the sole discretion of the Authority. Any purported assignment or sublease of this Agreement without the prior written consent of the Authority shall be void *ab initio* and of no effect. If a sublease is approved, the Airline will be solely responsible for ensuring that its sublessee performs pursuant to and in compliance with the terms of this Agreement.

In no event will any approved assignment or sublease diminish the Authority's rights to enforce any and all provisions of this Agreement.

Before any assignment or sublease becomes effective, the assignee or sublessee will assume and agree by written instruments in form and substance satisfactory to the Authority to be bound by the terms and conditions of this Agreement during the remainder of the Term.

ARTICLE 33

AIRLINE TENANCY

The undersigned representative of the Airline hereby warrants and certifies to the Authority that the Airline is an organization in good standing in its state of registration, that it is authorized to do business in the State, and that the undersigned officer is authorized and empowered to bind the Airline to the terms of this Agreement by his or her signature thereto.

ARTICLE 34
CONDEMNATION

If the whole or any part of the Airline Premises is acquired by a condemning authority, either by sale in lieu of condemnation or by the exercise of the power of eminent domain, then in and as a direct result of that event, this Agreement will terminate from the date of sale or title vesting, and the Airline will have no claim whatsoever, including claims of apportionment, against the Authority either for the value of any unexpired Term of this Agreement or for the value of leasehold improvements. However, nothing in this provision will limit or destroy any right of the Airline to separately claim moving costs or business loss solely against the condemning authority where statutes or other applicable law apply.

ARTICLE 35
SURRENDER OF AIRLINE PREMISES

The Airline will surrender up and deliver the Airline Premises to the Authority upon the conclusion of the Term or earlier termination of this Agreement in the same condition as existed at the commencement of the Term, ordinary wear and tear excepted. Provided the Airline is not in default of this Agreement, the Airline will immediately remove all of its personal property from the Airline Premises and common use areas at the conclusion of the Term. Failure on the part of the Airline to remove its personal property within ten (10) days after the date of termination will constitute a gratuitous transfer of title thereof to the Authority for whatever disposition is deemed to be in the best interest of the Authority. Any costs incurred by the Authority in the disposition of such personal property will be borne by the Airline. If the Airline is in default of payment of any Rents, the Authority will have a lien for such Rents upon any property found upon the Airline Premises or common use areas in accordance with Florida Statutes and, in such event, the Airline will not remove any property from the Airline Premises or common use areas without written approval of the Authority.

ARTICLE 36
PERSONAL PROPERTY

Any personal property of the Airline or others placed in the Airline Premises or common use areas will be at the sole risk of the Airline, and the Authority will not be liable for any loss or damage thereto, irrespective of the cause of such loss or damage, and the Airline hereby waives all rights of subrogation against or recovery from Authority for such loss or damage unless such damage or loss is the result of negligence or activity on the Airline Premises or common use areas by the Authority.

ARTICLE 37
APPLICABLE LAW AND VENUE

This Agreement will be construed in accordance with the laws of the State. Venue for any action brought pursuant to this Agreement will be in Hillsborough County, Florida, or in the Tampa Division of the U.S. District Court for the Middle District of Florida.

The Airline hereby waives any claim against the Authority and the Indemnified Parties for loss of anticipated profits caused by any suit or proceedings directly or indirectly attacking the validity of this Agreement or any part hereof, or by any judgment or award in any suit or proceeding declaring this Agreement null, void, or voidable, or delaying the same, or any part hereof, from being carried out.

ARTICLE 38
AUTHORITY APPROVALS

Except as otherwise indicated elsewhere in this Agreement, wherever in this Agreement approvals are required to be given or received by the Authority, it is understood that the CEO, or a designee of the CEO, is hereby empowered to act on behalf of the Authority.

ARTICLE 39
INVALIDITY OF CLAUSES

The invalidity of any part, portion, article, paragraph, provision, or clause of this Agreement will not have the effect of invalidating any other part, portion, article, paragraph, provision, or clause thereof, and the remainder of this Agreement will be valid and enforced to the fullest extent permitted by law.

SUBORDINATION TO TRUST AGREEMENT

- A. This Agreement and all rights of the Airline hereunder are expressly subordinate and subject to the lien and provisions of any pledge, transfer, hypothecation, or assignment made at any time by the Authority to secure financing. This Agreement is subject and subordinate to the terms, covenants, and conditions of the Trust Agreement and Other Financing Documents made by the Authority authorizing the issuance of Bonds, Subordinated Indebtedness or Other Indebtedness by the Authority. Conflicts between this Agreement and the documents mentioned above will be resolved in favor of such documents.
- B. The Authority shall notify the Airline in advance of any proposed amendments or supplements to the Trust Agreement and Other Financing Documents that would alter the terms and provisions of this Agreement or materially impact the levels of Rents paid by the Airline.
- C. With respect to Bonds, Subordinated Indebtedness and Other Indebtedness that may be issued in the future, the interest on which is intended to be excludable from gross income

of the holders of such Bonds, Subordinated Indebtedness and Other Indebtedness for Federal income tax purposes under the Internal Revenue Code of 1986, as amended (the “Code”) (collectively, “**Tax-Exempt Indebtedness**”), the Airline may not act, or fail to act (and will immediately cease and desist from any action, or failure to act), with respect to the use of the Airline Premises, if the act or failure to act may cause, in the sole judgment of the Authority, the Authority to be in noncompliance with the provisions of the Code, nor may the Airline take, or persist in, any action or omission which may cause the interest on the Tax-Exempt Indebtedness either (i) not to be excludable from the gross income of the holders thereof for Federal income tax purposes; or (ii) to the extent such obligations were issued as exempt from the alternative minimum tax (the “**AMT**”), to become subject to the AMT for Federal income tax purposes, and the Airline may not elect to take depreciation on any portion of the Airline Premises financed with the proceeds of such Tax-Exempt Indebtedness.

ARTICLE 43

FEDERAL RIGHT TO RECLAIM

In the event a United States governmental agency demands and takes over the entire facilities of the Airport or the portion thereof wherein the Airline Premises are located, for war or national emergency, for a period in excess of ninety (90) consecutive days, then this Agreement will terminate and the Authority will be released and fully discharged from any and all liability hereunder. In the event of this termination, the Airline's obligation to pay rent will cease; however, nothing herein will be construed as relieving either party from any of its liabilities relating to events or claims of any kind whatsoever prior to this termination.

ARTICLE 44

RADON GAS AND OTHER PROPERTY CONDITION NOTIFICATIONS

44.01 RADON GAS: In accordance with requirements of the State, the following notification statement will be included in all agreements relating to rental of real property. This is provided for information purposes only.

Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county health department.

44.02 OTHER PROPERTY CONDITIONS: Areas of Authority property are impacted by the past release of pollutants that are regulated by FDEP. This is the result of historical airport operations,

commercial and industrial activities that occurred prior to property acquisition, or naturally-occurring conditions. FDEP manages the State's site restoration program. FDEP requires site restoration to be commensurate with land use, public health and the environment. These provisions allow low levels of contaminants to remain in place and run with the land subject to the implementation of required controls including but not limited to property use restrictions, activity and use limitations, institutional controls, or engineering controls. At Tampa International Airport, the Authority worked with FDEP to develop Soil and Groundwater Use Regulations that memorialize these controls. The Soil Use Regulation provides a process for the Authority to review and approve in advance all plans for soil excavation or disturbance. The Groundwater Use Regulation restricts drilling for water and requires that buildings used for human occupancy be piped to the public water system. Although the Soil and Groundwater Use Regulations apply to Tampa International Airport, the same protections and standards are generally applied at all Authority property including the general aviation airports.

As restoration projects are completed on Authority property, documents and maps are submitted to FDEP. FDEP maintains this information in an information repository that provides a self-service portal called Map Direct that allows map viewing and document download. Areas of Authority property that are undergoing a site restoration project, or have achieved a closed status, can be viewed in Map Direct. The Soil and Groundwater Use Regulations, and links to State radon protection maps and other property condition maps are posted on the Authority website at www.TampaAirport.com > Learn about TPA > Airport Business > Other Business Links – Radon Gas and Other Property Conditions.

ARTICLE 45

RELATIONSHIP OF THE PARTIES

The Airline is and will be deemed to be an independent contractor and operator responsible for its acts or omissions, and the Authority will in no way be responsible therefor.

The Airline shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Authority, upon request from the Authority custodian of public records, in a format that is compatible with the information technology systems of the Authority.

- A. Civil Rights – General. The Authority and each Air Carrier operating at the Airport shall comply with pertinent statutes, Executive Orders and such rules as are promulgated to ensure that no person shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance. If an Air Carrier transfers its obligation to another, the transferee is obligated in the same manner as the Air Carrier.

This provision obligates Air Carriers for the period during which any property at the Airport is owned, used or possessed by the Air Carrier and the Airport remains obligated to the Federal Aviation Administration. This provision is in addition to that required by Title VI of the Civil Rights Act of 1964.

- B. Civil Rights – Title VI Assurances – Compliance with Nondiscrimination Requirements.

1. Compliance with Regulations: Each Air Carrier operating at the Airport (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this Agreement.
2. Non-discrimination: Each Air Carrier, with regard to the work performed by it during the period it operates at the Airport, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. Air Carriers will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when this Agreement covers any activity, project, or program set forth in Appendix B of 49 CFR part 21.
3. Solicitations for Subcontracts, including Procurements of Materials and Equipment: In all solicitations, either by competitive bidding or negotiation made by an Air Carrier for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Air Carrier of the Air Carrier's obligations under this provision and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.
4. Information and Reports: Air Carriers will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be

determined by the Authority or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of an Air Carrier is in the exclusive possession of another who fails or refuses to furnish the information, the Air Carrier will so certify to the Authority or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

5. Sanctions for Noncompliance: In the event of an Air Carrier's noncompliance with the non-discrimination provisions of this Agreement, the Authority will impose such sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:
 - a. Withholding payments to the Air Carrier under the Resolution or this Agreement until the Air Carrier complies; and/or
 - b. Cancelling, terminating, or suspending the Air Carrier's rights under the Resolution or this Agreement, in whole or in part.
6. Incorporation of Provisions: Each Air Carrier must include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations, and directives issued pursuant thereto. Each Air Carrier will take action with respect to any subcontract or procurement as the Authority or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if an Air Carrier becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the Air Carrier may request the Authority to enter into any litigation to protect the interests of the Authority. In addition, an Air Carrier may request the United States to enter into the litigation to protect the interests of the United States.

C. Civil Rights – Title VI Clauses for Use/Access to Real Property.

1. Each Air Carrier for itself, its heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree that (1) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of the Airport, (2) that in the construction of any improvements on, over, or under such land, and the furnishing of services thereon, no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that such Air Carrier will use the premises in compliance with all other requirements imposed by or pursuant to the List of Discrimination Acts and Authorities in Paragraph D below.

2. In the event of breach of any of the above nondiscrimination covenants, the Authority will have the right to terminate the Air Carrier's rights under this Agreement and to enter or re-enter and repossess said land and the facilities thereon, and hold the same as if said Agreement had never been made or issued.

Terms and Conditions**

Effective: 05/31/02

**Revised: 03/04/20

11/16/23**

PURPOSE: To establish the insurance terms and conditions associated with contractual insurance requirements. This Standard Procedure is applicable to all companies with Authority contracts, and to the extent required by Florida Department of Transportation Public Transportation Grant Agreement, every contractor, subcontractor, consultant, and sub-consultant at each tier. Unless otherwise provided herein, any exceptions to the following conditions or changes to required coverages or coverage limits must have prior written approval from the General Counsel and Executive Vice President of Legal Affairs or designee.

INSURANCE COVERAGE:

A. Procurement of Coverage:

With respect to each of the required coverages, the company will, at the company's expense, procure, maintain and keep in force the types and amounts of insurance conforming to the minimum requirements set forth in the applicable contract. To the extent required by Florida Department of Transportation Public Transportation Grant Agreement, company shall further require that all contractors, subcontractors, consultants, and sub-consultants at each tier satisfy and meet all the requirements of the applicable contract, including the terms and conditions of this Standard Procedure. Coverage will be provided by insurance companies eligible to do business in the State of Florida and having an AM Best rating of A- or better and a financial size category of VII or better.

Utilization of non-rated companies, companies with AM Best ratings lower than A-, or companies with a financial size category lower than VII must be submitted by the company to the Authority Director of Enterprise Risk Management or designee for approval prior to use. The Authority retains the right to approve or

disapprove the use of any insurer, policy, risk pooling or self-insurance program.

B. Term of Coverage:

Except as otherwise specified in the contract, the insurance will commence on or prior to the effective date of the contract and will be maintained in force throughout the duration of the contract and for any period of extended coverage required in the contract. If a policy is written on a claims-made form, the retroactive date must be shown and this date must be before the earlier of the date of the execution of the contract or the beginning of contract work, and the coverage must respond to all claims reported within three years following the period for which coverage is required unless a longer period of time is otherwise stated in the contract.

C. Reduction of Aggregate Limits:

If the general or aggregate limit for any policy is exhausted, the company, and to the extent required by Florida Department of Transportation Public Transportation Grant Agreement, all of the company's contractors, subcontractors, consultants, and sub-consultants at each tier, will immediately take all possible steps to have it reinstated. The commercial general liability policies and any excess or umbrella policies used to provide the required amount of insurance shall include a per project designated aggregate limit endorsement providing that the limits of such insurance specified in the contract shall apply solely to the work under the contract without erosion of such limits by other claims or occurrences.

1. Cancellation Notice

Each insurance policy will be specifically endorsed to require the insurer to provide written notice to the Authority at least 30 days (or 10 days prior notice for non-payment of premium) prior to any cancellation, non-renewal or adverse change, initiated by the insurer, and applicable to any policy or coverage described in the contract or in this Standard Procedure. The endorsement will specify that such notice will be sent to:

Hillsborough County Aviation Authority

Attn.: Chief Executive Officer

Tampa International Airport

Post Office Box 22287

Tampa, Florida 33622

Additionally, to the extent required by Florida Department of Transportation Public Transportation Grant Agreement, the workers' compensation, commercial general liability and railroad protective insurance (if required) of every contractor, subcontractor, consultant, and sub-consultant at each tier shall be specifically endorsed to require the insurer to provide the Florida Department of Transportation notice within ten days of any cancellation, notice of cancellation, lapse, renewal, or proposed change to any policy or coverage described in the contract or this Standard Procedure.

D. No waiver by approval/disapproval:

The Authority accepts no responsibility for determining whether the company or any contractor, subcontractor, consultant, or sub-consultant at each tier is in full compliance with the insurance coverage required by the contract. The Authority's approval or failure to disapprove any policy, coverage, or Certificate of Insurance does not relieve or excuse the company of any obligation to procure and maintain the insurance required in the contract or in this Standard Procedure, nor does it serve as a waiver of any rights or defenses the Authority may have.

E. Future Modifications – Changes in Circumstances:

1. Changes in Coverages and Required Limits of Insurance

The coverages and minimum limits of insurance required by the contract are based on circumstances in effect at the inception of the contract. If, in the opinion of the Authority, circumstances merit a change in such coverage or minimum limits of insurance required by the contract, the Authority may change the coverage and the minimum limits of insurance required, and the company will, within 60 days of receipt of written notice of a change in the coverage and/or the minimum limits required, comply with such change and provide evidence of such compliance in the manner required by the contract. Provided, however, that no change in the coverages or minimum limits of insurance required will be made by the Authority until at least two years after inception of the contract or two years after any change by the Authority in the coverages or minimum limits of insurance required in the contract unless extreme conditions warrant such change and are agreeable to both parties. To the extent required by Florida Department of Transportation Public Transportation Grant Agreement, any such change or modification in coverage or limits shall also apply to the

contractors, subcontractors, consultants, and sub-consultants at each tier.

If, in the opinion of the Authority, compliance with the insurance requirements is not commercially practicable for the company, its contractors, subcontractors, suppliers, consultants, or subconsultants at each tier, at the written request of the company, the Authority may, at its sole discretion and subject to any conditions it deems appropriate, relax or temporarily suspend, in whole or in part, the insurance requirements which would otherwise apply to the company. Any such modification will be subject to the prior written approval of the Authority's General Counsel and Executive Vice President of Legal Affairs or designee, and subject to the conditions of such approval.

F. Proof of Insurance – Insurance Certificate:

1. Prior to Work, Use or Occupancy of Authority Premises

The company and, to the extent required by Florida Department of Transportation Public Transportation Grant Agreement, the company's contractors, subcontractors, consultants, and sub-consultants at each tier, will not commence work, or use or occupy Authority's premises in connection with the contract, until the required insurance is in force, preliminary evidence of insurance acceptable to the Authority has been provided to the Authority, and the Authority has granted permission to the company to commence work or use or occupy the premises in connection with the contract.

2. Proof of Insurance Coverage

As preliminary evidence of compliance with the insurance required by the contract, the company will furnish the Authority with an ACORD Certificate of Liability Insurance (Certificate) reflecting the required coverage described in the contract and this Standard Procedure.

The Certificate must:

- a. Be signed by an authorized representative of the insurer. Upon request of the Authority, company will furnish the Authority with any specific endorsements effecting coverage required by the contract. The endorsements are to be signed by a person authorized by insurer to bind the coverage on the insurer's behalf;

- b. State that: "Hillsborough County Aviation Authority, members of the Authority's governing body and the Authority's officers, volunteers, and its employees are additional insureds for all policies described above other than workers' compensation and professional liability (if required by contract)";

- c. To the extent required by Florida Department of Transportation Public Transportation Grant Agreement, state that the Florida Department of Transportation is an additional insured for commercial general liability;

d. Indicate that the insurers for all required policies shown on the Certificate have waived their subrogation rights against the Authority, members of the Authority's governing body, and the Authority's officers, volunteers, agents, and employees;

e. Indicate that the Certificate has been issued in connection with the contract;

f. Indicate the amount of any deductible or self-insured retention applicable to all coverages; and

g. Identify the name and address of the Certificate holder as:

Authority Hillsborough County Aviation

Attn.: Chief Executive Officer

Tampa International Airport

Post Office Box 22287

Tampa, Florida 33622;

If requested by the Authority, the company will, within 15 days after receipt of written request from the Authority, provide the Authority, or make available for review, a certified complete copy of the policies of insurance. The company may redact those portions of the insurance policies that are not relevant to the coverage required by the contract. The company will provide the Authority with renewal or replacement evidence of insurance, acceptable to the Authority, prior to expiration or termination of such insurance.

G. Deductibles, Self-Insurance, Alternative Risk or Insurance Programs:

1. All deductibles, as well as all self-insured retentions and any alternative risk or insurance programs (including, but not limited to, the use of captives, trusts, pooled programs, risk retention groups, or investment-linked insurance products), must be approved by the General Counsel and Executive Vice President of Legal Affairs or designee. The company agrees to provide all documentation necessary for the Authority to review the deductible, self-insurance or alternative risk or insurance program.
2. The company will pay on behalf of the Authority, any member of the Authority's governing body, and/or any officer, volunteer, agent, or employee of the Authority, any deductible, self-insured retention (SIR), or difference from a fully insured program which, with respect to the required insurance, is applicable to any claim by or against the Authority, or any member of the Authority's governing body, or any officer, volunteer, agent, or employee of the Authority.
3. The agreement by the Authority to allow the use of a deductible, self-insurance or alternative risk or insurance program will be subject to periodic review by the Director of Enterprise Risk Management or designee. If, at any time, the Authority deems that the continued use of a deductible, self-insurance, or alternative risk or insurance program by the

company should not be permitted, the Authority may, upon 60 days' written notice to the company, require the company to replace or modify the deductible, self-insurance, or alternative risk or insurance program in a manner satisfactory to the Authority.

4. Any deductible amount, self-insurance, or alternative risk or insurance program's retention will be included and clearly described on the Certificate prior to any approval by the Authority. This is to include fully insured programs as to a zero deductible per the policy. Authority reserves the right to deny any Certificate not in compliance with this requirement.

5. To the extent required by Florida Department of Transportation Public Transportation Grant Agreement, the commercial general liability may not be subject to a self-insured retention. Subject to approval by the Authority under sub-paragraphs 1-4 above, the commercial general liability may contain a deductible, provided that such deductible shall be paid by the named insured.

H. Company's Insurance Primary:

The insurance required by the contract will apply on a primary and non-contributory basis. Any insurance or self-insurance maintained by the Authority will be excess and will not contribute to the insurance provided by or on behalf of the company.

To the extent required by Florida Department of Transportation Public Transportation Grant Agreement, the company will ensure that the insurance provided by all contractors, subcontractors, consultants, and subconsultants at each tier will apply on a primary basis as to any other insurance available and shall not be more restrictive than the coverage afforded to the named insured.

I. Incident Notification:

In accordance with the requirements of Standard Procedure S250.02, the company will promptly notify the Airport Operations Center (AOC) of all incidents involving bodily injury, property damage, data breach, security breach, ransomware (data theft), or an extortion threat occurring on Authority-owned property, tenant-owned property or third-party property.

J. Customer Claims, Issues, or Complaints:

In addition to complying with all terms outlined in Standard Procedure S250.02, all customer claims, issues, or complaints involving property damage, bodily injury, data theft, or an extortion threat related to the company will be promptly handled, addressed and resolved by the company.

The company will track all customer claims, issues, or complaints involving property damage, bodily injury, data theft, or an extortion threat and their status on a Claims Log available for review, as needed, by Enterprise Risk Management. The Claims Log should include a detailed report of the incident along with the response and/or resolution. Enterprise Risk Management has the option to monitor all incidents, claims, issues or complaints where the Authority could be held liable for injury or damages.

K. Applicable Law:

With respect to any contract entered into by the Authority with a value exceeding \$10,000,000, if any required policy or program is: (i) issued to a policyholder outside of Florida or (ii) contains a "choice

of law” or similar provision stating that the law of any state other than Florida shall govern disputes concerning the policy, then such policy or program must be endorsed so that Florida law (including but not limited to Part II of Chapter 627 of the Florida Statutes) will govern any and all disputes concerning the policy or program in connection with claims arising out of work performed pursuant to the contract.

L. Waiver of Subrogation:

The company, for itself and on behalf of its insurers, to the fullest extent permitted by law without voiding the insurance required by the contract, waives all rights against the Authority, members of the Authority’s governing body and the Authority’s officers, volunteers, agents, and employees, as well as the State of Florida, Department of Transportation, including the Department’s officers and its employees, for damages or loss to the extent covered and paid for by any insurance maintained by the company. The company shall require all contractors, subcontractors, suppliers, consultants and subconsultants at each tier for themselves and their insurers, to the fullest extent permitted by law without voiding the insurance required by the contract, to waive all rights against the Authority, members of the Authority’s governing body and the Authority’s officers, volunteers, agents and its employees, as well as the State of Florida, Department of Transportation, including the Department’s officers and its employees, for damages or loss to the extent covered and paid for by any insurance maintained by the company to the extent covered and paid for by any insurance maintained by the company’s contractors, subcontractors, suppliers, consultants and subconsultants at each tier. The company shall further require that all contractors, subcontractors, suppliers, consultants, and

subconsultants at each tier include the following in every contract and on each policy:

“Hillsborough County Aviation Authority, members of the Authority’s governing body and the Authority’s officers, volunteers, agents, and its employees, as well as the State of Florida, Department of Transportation, including the Department’s officers and its employees, are additional insureds for the coverages required by all policies as described above other than workers compensation and professional liability.”

M. Company’s Failure to Comply with Insurance Requirements:

1. Authority's Right to Procure Replacement Insurance

If, after the inception of the contract, the company fails to fully comply with the insurance requirements of the contract, in addition to and not in lieu of any other remedy available to the Authority provided by the contract, the Authority may, at its sole discretion, procure and maintain on behalf of the company, insurance which provides, in whole or in part, the required insurance coverage.

2. Replacement Coverage at Sole Expense of Company

The entire cost of any insurance procured by the Authority pursuant to this Standard Procedure will be paid by the company. At the option of the Authority, the company will either directly pay the entire cost of the insurance or immediately reimburse the Authority for any costs incurred by the Authority, including all premiums, fees, taxes, and 15% for the cost of administration.

a. Company to Remain Fully Liable

The company agrees to remain fully liable for full compliance with the insurance requirements in the contract. To the extent that there is any exclusion, deficiency, reduction, or gap in a policy which makes the insurance more restrictive than the coverage required, the company agrees to remain responsible and obligated to make the Authority whole as if the company and all of its contractors, subcontractors, consultants, and sub-consultants at each tier fully met the insurance requirements of the contract.

b. Authority's Right to Terminate, Modify, or Not Procure

Any insurance procured by the Authority is solely for the Authority's benefit and is not intended to replace or supplement any insurance coverage which otherwise would have been maintained by the company or by any of its contractors, subcontractors, consultants, or sub-consultants at each tier. Authority is not obligated to procure any insurance pursuant to these requirements and retains the right, at its sole discretion, to terminate or modify any such insurance which might be procured by the Authority pursuant to this Standard Procedure.

To the fullest extent permitted by law, Company agrees to protect, defend, reimburse, indemnify and hold Authority, its agents, employees, and officers and each of them, free and harmless at all times from and against any and all claims, liability, expenses, losses, costs, fines and damages (including but not limited to reasonable attorney's fees and court costs) and causes of action of every kind and character arising out of, resulting from, incident to, or in connection with Company's presence on or use or occupancy of the Airport; Company's acts, omissions, negligence, activities, or operations; Company's performance, non-performance or purported performance of this Agreement; or any breach by Company of the terms of this Agreement, or any such acts, omissions, negligence, activities or operations of Company's officers, employees, agents, subcontractors, invitees, or any other person directly or indirectly employed or utilized by Company, that results in any bodily injury (including death) or any damage to any property, including loss of use, incurred or sustained by any party hereto, any agent or employee of any party hereto, any other person whomsoever, or any governmental agency, regardless of whether or not it is caused in whole or in part by the negligence of a party indemnified hereunder.

In addition to the duty to indemnify and hold harmless, Company will have the duty to defend the Authority, its agents, employees, and officers, from all liabilities, claims, expenses, losses, costs, fines, and damages (including but not limited to reasonable attorney's fees and court costs) and causes of action of every kind and character. The duty to defend under this Section is independent and separate from the duty to indemnify, and the duty to defend exists regardless of the ultimate liability of Company, Authority, and any indemnified party. The duty to defend arises immediately upon the presentation of a claim to Company.

Company recognizes the broad nature of these indemnification, hold harmless and duty to defend clauses, and voluntarily makes this covenant and expressly acknowledges the receipt of Ten Dollars (\$10.00) and such other good and valuable consideration provided by Authority in support of this indemnification in accordance with the laws of the State of Florida. This clause shall survive the termination of this Agreement.

Company agrees and affirms that STS System and PWDS usage are provided on an "as-is" basis, without express or implied warranty of any kind. Company further agrees that it will not make or join any claim or action against the Authority, its employees, agents, or officers, for any injury, damage or breach of any law or regulation which may result directly or indirectly from Company's use of the STS System or the PWDS.

Company agrees that it will not seek damages, including, but not limited to, direct, special, consequential, incidental or punitive damages, including, without limitation, lost profits or fines or penalties paid or incurred, which may result in connection with the Company's use of the STS System or the PWDS for any reason, including negligence, strict liability, or intentional acts, even if the Authority has received prior notification of the possibility of such damages.

12. RETURN OF SYSTEM

Upon termination of this Agreement, excepting equipment covered under a renewal agreement, the Company will make the equipment available for removal which will be accomplished in a careful and reasonable fashion by the Authority. The equipment will be returned to the Authority in the same condition as originally installed, ordinary wear and tear excepted, or the Company will pay for the restoration of the equipment to such condition. The Authority will not be obligated to restore the premises to its original condition. If the Company does not return the equipment or make it available for removal by the Authority, then in addition to the remedies in this Agreement, the Authority has available to it all other remedies available at law or in equity. All obligations of the Company under this Agreement will remain in full force and effect until the equipment is returned to the Authority.

Any non-Authority owned equipment abandoned by Company will become the property of the Authority.

13. DEFAULT AND TERMINATION

a. Events of Default

The following events shall be deemed events of default by Company.

- 1) The failure or omission by Company to perform its obligations under this Agreement or the breach of any term, condition or covenant required herein.
- 2) The conduct of any business or performance of any acts at the Airport not specifically authorized in this Agreement or by any other agreement between the Authority and Company, and Company's failure to discontinue that business or those acts within 30 days of receipt by Company of Authority's written notice to cease said business or acts.
- 3) The divestiture of Company's estate herein by operation of law, by dissolution, or by liquidation (not including a merger or sale of assets).
- 4) The insolvency of Company; or if Company shall take the benefit of any present or future insolvency statute, shall make a general assignment for the benefit of creditors, or shall seek a reorganization or the readjustment of its indebtedness under any law or statute of the United States or of any state thereof including the filing by Company of a voluntary petition of bankruptcy or the institution of proceedings against Company for the adjudication of Company as bankrupt pursuant thereto.
- 5) Company's violation of Florida Statute Section 287.133, concerning criminal activity on contracts with public entities.

b. Authority's Remedies

In the event of any of the foregoing events of default, and following 30 days notice by Authority and Company's failure to cure, Authority, at its election, may exercise any one or more of the following remedies, the exercise of any of which shall not be deemed to preclude the exercise of any others herein listed or otherwise provided by statute or general law:

- 1) Terminate Company's rights under Agreement and Company shall remain liable for all payments due or other sums due under this Agreement and for all damages suffered by Authority because of Company's breach of any of the covenants of Agreement; or
- 2) Treat Agreement as remaining in existence, cure Company's default by performing or paying the obligation which Company has breached, and all sums paid or expenses incurred by Authority directly or indirectly in curing Company's default shall become immediately due and payable. Authority reserves the right to charge Company interest thereon from the date such fees or charges became due to the date of payment, at the Federal Reserve Bank of New York prime rate in effect on the date the fees or charges became due plus four percent (FRBNY prime +4%) or twelve percent (12%) per annum, whichever is greater, to the maximum extent permitted by law; or
- 3) Declare this Agreement to be terminated, ended, null and void.

c. Continuing Responsibilities of Company

- 1) Notwithstanding the occurrence of any event of default, Company shall remain liable to Authority for all payments payable hereunder and for all preceding breaches of any covenant of this Agreement. Furthermore, unless Authority elects to cancel this Agreement, Company shall remain liable for and promptly pay any and all payments accruing hereunder until termination of this Agreement as set forth in this Agreement or until this Agreement is canceled by Company pursuant to Section 7.
- 2) No pursuit of any remedy herein provided constitutes a forfeiture or waiver of any payments or other moneys due to Authority hereunder, or of any damages accruing to Authority by reason of the violation of any of the terms, provisions, and covenants herein contained. Authority's acceptance of payments or other moneys following any event of default hereunder shall not be construed as Authority's waiver of such event of default unless the event of default is the delinquency in the payment of the amount accepted. No forbearance by Authority of action upon any violation or breach of any of the terms, provisions and covenants herein contained shall be deemed or construed to constitute a waiver of the terms, provisions and covenants herein contained. Forbearance by Authority to enforce one or more of the remedies herein provided upon an event of default shall not be deemed or construed to constitute a waiver of any such remedy.

d. Company's Remedies

Upon providing written notice to the Authority, Company may terminate this Agreement and all of its obligations hereunder if Company is not in default in the payment of any payments or other charges to Authority, and only upon or after the inability of Company to use the contracted STS services for seven consecutive days as a result of actions by the Authority or other governmental authority.

14. **APPLICABLE LAW AND VENUE**

This Agreement shall be construed in accordance with the laws of the State of Florida. Venue for any action brought pursuant to this Agreement shall be in Hillsborough County, Florida.

15. **ASSIGNMENT**

The Company will not assign this Agreement without the Authority's written consent. No assignment or transfer of any sort will relieve the Company of its obligations hereunder.

16. **COMPANY AUTHORIZED AGENTS**

- a. Company authorized agents are to be assigned and documented on Exhibit B of this Agreement to act as representatives for the Company when communicating with the Authority on matters relating to the PWDS and STS System. All formal Authority communications will take place with the Company authorized agents.
- b. Only the designated Company authorized agents may order changes to existing services, order new services, or request cancellations.

- c. Company authorized agents will be the only individuals who may request access to Authority communications rooms, though they may designate other individuals to enter upon identification being reviewed and with the presence of an Authority representative.
- d. Company is required to ensure that the list of Company authorized agents on file with the Authority is current.

17. NOTICES

All Notices, demands and other communications regarding this Agreement will be transmitted in writing by hand delivery or by United States Mail, addressed to such party set forth below or at such other address as may be subsequently submitted by written notice by either party. Notice given pursuant to this Section 17 will be deemed effective four (4) days after the date it is mailed or upon receipt, whichever is earlier.

Restrict to domestic long distance only (no international)? Yes No N/A

Require PIN code to complete any long distance call? Yes No N/A

Do you want access to Directory Assistance (toll charge per call)? Yes No N/A

Port Security Options

Do you want to enable port security? Yes No N/A

With the Port Security feature, our network ports will remember the network connection from a specific device and only allow that connected device to communicate on that port. If any other device tries to communicate through the port, port security will restrict all network access for that specific port until the original device is plugged back in. This mostly benefits customers requiring high physical security or customers operating in a public area where you don't want just anyone to be able to plug in and use your internet access.

Subject: Information Security – Shared Tenant Services

PURPOSE: To identify information security responsibilities of the Authority, tenants who participate in Shared Tenant Services (STS), their employees and third parties who act on their behalf.

GENERAL: Although the Authority is concerned with the protection of STS network communications, the Authority does not take responsibility for the security of information transmitted over the STS network and the Authority does not assume any responsibility to monitor or police STS network activities.

PROCEDURE:

- A. The Authority will provide technology support for STS.
- B. The Authority reserves the right to monitor and log activity on its network.
- C. The Authority does not assume responsibility for the security of voice or data communications, both internal and external, to Tampa International Airport (the Airport) over the Premises Wiring Distribution System (cabling) or through STS. The tenant assumes full responsibility for the security of its data that traverses any part of the cabling. The cabling exists purely as a means to transport data between devices. The tenant is to use voice and data services responsibly and in a manner that is not disruptive to other voice or data service users. All communications are to be of a lawful nature and germane to the business that the tenant conducts requiring a presence at the Airport. The Authority reserves the right to suspend and/or cancel service to the tenant if the tenant is found or is suspected to be engaged in behavior that adversely affects the Authority, Authority tenants and/or other STS users. Such behavior includes, but is not limited to:
 1. Attacking or attempting to gain unauthorized access to servers and services that belong to the Authority, its customers, or its business partners (i.e., computer hacking).
 2. Behavior that adversely affects the Authority network or other tenants participating in STS access to the Authority network.

3. Performing any activity that could cause the loss, corruption of, or prevention of rightful access to data or degradation of the network performance.
4. The use of materials that contain any malware or other computer programming routines that may damage, interfere with, intercept or expropriate any network or data, including personal information and credit card information.
5. Any illegal activity as defined by federal, state and local laws and regulations, or content that may be damaging to any Authority infrastructure or to tenants participating in STS.
6. Conducting unauthorized business activities such as, but not limited to, running a spam server or gambling site.
7. Attempts to modify or remove Authority equipment, software, or peripherals without proper authorization.

9. Attempts to subvert the security of any Authority network or other network or network resources such as, but not limited to, network scanning, password cracking, or security hole scanning.
10. Use of another tenant's or Authority employee's access for any reason unless explicitly authorized.
11. Unauthorized access of any kind to any network device, server, or other tenant's site information.

SUBJECT: Utilization of Authority
Controlled Gates, Hardstands,
Ticket Counter, and Related
Facilities On A Per Use Basis

PURPOSE: To establish procedures for airlines and airline service companies to request and utilize the Authority's controlled aircraft gates, hardstands, ticket counters, and related facilities on a per-use basis.

PROCEDURES:

A. Facilities:

The Authority makes available the gates, hardstands, ticket counters, and related facilities according to needs and at the discretion of the Authority.

1. Facilities for new entrant and scheduled flights are assigned by the Real Estate Department in coordination with Airport Operations.
2. Facilities for non-scheduled flights and daily overflow and additional needs of scheduled carriers are assigned by Terminal Operations.

For daily unscheduled gate and ticket counter requests, air carriers or their designee should contact Airport Operations at (813) 870-8770 for per-use coordination.

B. Fees:

The fees associated with the use of Authority aircraft gates, hardstands, ticket counters, and related facilities are delineated in Standard Procedure S800.02 and may be adjusted from time to time in order to cover the Authority's cost to provide such facilities.

C. Request and Assignment of Gates:

1. All advance gate scheduling requests must comply with the following guidelines:
 - a. Be submitted in writing via electronic mail to Terminal Operations.
 - b. All air carriers should submit their flight schedule for the following month by the 15th of each month.

- c. Schedule requests should highlight the number of Authority gates and hardstands that will be needed.
 - d. Once all schedules are received, Terminal Operations will review needs and assign per-use gates or hardstands based on the following factors:
 - i. Arrival time.
 - ii. Departure time next morning.
 - iii. Red Eye arrivals.
 - iv. Time between first and last morning departure.
 - v. Once an air carrier receives approval from Terminal Operations on per-use gate assignments, the air carrier will be responsible for submitting their reservations into AeroCloud for the following month.
 - vi. Day of operational impacts will be handled on a case-by-case basis and availability of resources at the discretion of Terminal Operations.
 - e. Amended requests for gate scheduling will be submitted in writing by the requesting air carrier to Terminal Operations via electronic mail.
 - f. The Authority has the final discretion on all per-use gates and hardstand assignments.
2. Conditional authorization is assumed to be granted unless otherwise notified by Terminal Operations, and is conditioned upon the occurrence of no unforeseen circumstance that would prohibit the requesting air carrier's use, such as the facility being out of service or a change in the requesting air carrier's flight arrival time creating a conflict with another previously scheduled flight. A flight with higher priority may also supersede conditional authorization up until the day of the flight.

If a change is necessary after conditional authorization is granted, Terminal Operations will notify the affected air carrier in a timely manner.

3. Unscheduled requests for Authority gates or hardstand parking positions received on the day of a particular flight will be handled in accordance with the following guidelines:
 - a. Availability of facilities, resources, and other gates.
 - b. Order of assigned priorities as specified in paragraph C(4) below.
 - c. Operational limitations or restrictions due to inclement weather, Irregular Operations (IROP) events, construction activities, airport emergencies, etc.
 - d. Time of operation.
 - e. Review, discretion, and approval of request by Terminal Operations in accordance with paragraph C(1)d above and other mitigating factors.
 - f. The air carrier assigned a gate or hardstand position is responsible for updating AeroCloud.

4. To maximize efficient utilization of facilities when facility demand exceeds capacity, the following will apply in order of priority:
 - a. International flights requiring Federal Inspection Services (FIS) facilities.
 - b. International flights (wide body aircraft).
 - c. International flights not requiring FIS facilities.
 - d. Domestic flights.
 - e. Flights not requiring use of a loading bridge.

5. Late arriving aircraft that conflict with a scheduled flight may be required to do the following:
 - a. Utilize another gate.
 - b. Wait until the gate is available.
 - c. Deplane passengers and relocate to another gate.

In the event two scheduled flights arrive late, that flight that is closest to its scheduled time will generally have priority. However, Terminal Operations will

make the final determination concerning such conflicts and will endeavor to do so in a reasonable, consistent manner that will best serve the interests of all parties involved.

If facility demand exceeds capacity, the Authority may at its sole discretion arrange for the use of gates, hardstands, and facilities controlled by other airlines or authorize requesting air carriers to make their own arrangements with another signatory airline.

D. Passenger Loading Bridges, Ground Power Units, and Preconditioned Air:

No person will be permitted to operate loading bridges, ground power units, or cabin air units without proper, advance training. Prior to initial operations, air carriers will request training through the Airport Maintenance Department by calling (813) 870-8740. Thereafter, it will be the responsibility of each airline and company to train its own personnel in the use of such equipment, and, upon request by the Authority, promptly submit written proof of the successful completion of such training for all personnel who operate the equipment. Use of such equipment must also comply with criteria outlined in the TPA Ground Operations Manual (GOM).

E. Aprons and Positioning of Ground Service Equipment (GSE):

1. The use of the gates, hardstands, and apron area will be in common with all other authorized users. The parking of aircraft and associated ground equipment will be in a manner that will not impede gate utilization, common access, or egress routes.
2. Unless otherwise authorized in writing by the Authority, GSE owned or used by any company will only be permitted on the apron for active use or servicing of the aircraft while positioned on the gate and hardstand. Positioning of such equipment must not interfere with adjacent gates or other airline operations and must be removed from the gate area immediately after use.

The per use ticket counter, associated conveyer system, and baggage make-up area will be made available on a per-use basis by request to the Vice President of Real Estate to those airlines and airline service companies that are authorized to operate at the Airport by the Authority.

The ticket counter positions are generally allotted as follows:

1. Four common use positions for narrow body aircraft.
2. Eight common use for wide body aircraft.

The use of the Authority's per-use ticket counter will be on a non-exclusive basis. Users will have access to the ticket counter for a reasonable amount of time necessary to check-in passengers for the requested flight.

When facility demand exceeds capacity, the following will apply in order of priority:

1. Wide body International Passenger Check-in.
2. Narrow body International Passenger Check-in.
3. Domestic Passenger Check-in.

Unless prior permission is obtained from the Authority, all airlines and airline service company equipment, supplies, and materials must be removed from the facility at the completion of the flight operation.

I. Security:

The user of the Authority's controlled gates and related facilities is responsible for complying with Transportation Security Administration Regulations and the Airport Security Program, as mandated by the Airport Security Plan. Any compliance failures resulting in a fine shall be the responsibility of the air carrier utilizing the facilities.

J. Maintenance of Facilities:

Users are responsible for utilizing the facilities in a safe, sanitary, and responsible manner, and will remove all foreign object debris (FOD) from the aircraft aprons after each use. Users will promptly report malfunctions or damage to the Authority and provide reimbursement to the Authority for the repair and replacement of any damaged property caused by the improper use or neglect of the facilities.
