

Notice of Intent to Award a Sole Source Procurement

Notice is hereby given that the Hillsborough County Aviation Authority (Authority) intends to award a sole source agreement to LNRS Data Services Inc. for continued use of the Diio Mi on-line domestic and international airfare subscription service. The Authority intends to begin negotiations with LNRS Data Services Inc. on or about November 20, 2020.

On February 2, 2017, the Authority Board authorized execution of a sole source subscription agreement with Diio, LLC, which merged with Reed Business Information Inc. and later changed its name to LNRS Data Services Inc. Diio Mi is an on-line domestic and international airfare subscription service which collects flight and market performance data such as carrier reported traffic and fare and operating costs from the U.S. Department of Transportation and other sources. The data is then consolidated into a single database.

Companies who believe they can meet or exceed the above stated requirements must provide, in writing, convincing technical data sufficient to support their position.
